**John Laird**

## **Hume The Routledge Philosophers:**

*Hume* Don Garrett, 2014-11-13 Beginning with an overview of Hume's life and work Don Garrett introduces in clear and accessible style the central aspects of Hume's thought These include Hume's lifelong exploration of the human mind his theories of inductive inference and causation skepticism and personal identity moral and political philosophy aesthetics and philosophy of religion The final chapter considers the influence and legacy of Hume's thought today Throughout Garrett draws on and explains many of Hume's central works including his *Treatise of Human Nature* *Enquiries Concerning Human Understanding* and *Dialogues Concerning Natural Religion* Hume is essential reading not only for students of philosophy but anyone in the humanities and social sciences and beyond seeking an introduction to Hume's thought *Routledge*

*Philosophy GuideBook to Hume on Morality* James Baillie, 2006-04-19 David Hume is widely recognised as the greatest philosopher to have written in the English language His *Treatise on Human Nature* is one of the most important works of moral philosophy ever written *Hume on Morality* introduces and assesses Hume's life and the background of the *Treatise* The ideas and text in the *Treatise* Hume's continuing importance to philosophy **Routledge Philosophy GuideBook to**

**Hume on Knowledge** Harold Noonan, 2002-09-11 David Hume was one of the most important British philosophers of the eighteenth century The first part of his *Treatise on Human Nature* is a seminal work in philosophy *Hume on Knowledge* introduces and assesses Hume's life and the background of the *Treatise* The ideas and text in the *Treatise* Hume's continuing importance to philosophy **Routledge Philosophy Guidebook to Hume on Knowledge** Harold W. Noonan, 1999

**Hume's Philosophy of Human Nature (Routledge Revivals)** John Laird, 2014-01-02 The essence of Hume's eighteenth century philosophy was that all the sciences were dependent on the science of man and that the foundations of any such science need to rest on experience and observation This title first published in 1932 examines in detail how Hume interpreted the science of man and how he applied his experimental methodology to humankind's understanding passions social duties economic activities religious beliefs and secular history throughout his career Particular attention is paid to the English French and Latin sources that shaped Hume's theories This is a full and fascinating title of particular relevance to students with an interest in the philosophy of Hume specifically as well as the philosophy of human nature and the methodologies applied to its study more generally **Hume's Philosophy of Belief (Routledge Revivals)** Antony

Flew, 2013-11-05 First published in 1961 this book considers Hume's request to be judged solely by the acknowledged works of his maturity It focuses on Hume's first *Inquiry* in its own right as a separate book to the likes of his other works such as the *Treatise* and the *Dialogues* which are here only used as supplementary evidence when necessary This approach brings out as Hume himself quite explicitly wished to do the important bearing of his more technical philosophy on matters of religion and of world outlook generally Be a philosopher but amidst all your philosophy be still a man *Routledge*

*Philosophy Guidebook to Hume on Religion* David O'Connor, George Pattison, 2001 David Hume was the most important

British philosopher of the eighteenth century Hume on Religion introduces students to his major work on the subject Dialogues Concerning Natural Religion **Hume-Arg Philosophers** Barry Stroud,2003-05-20 The purpose of this series is to provide a contemporary assessment and history of the entire course of philosophical thought Each book constitutes a detailed critical introduction to the work of a philosopher of major influence and significance This volume seeks to provide a comprehensive interpretation of Hume s philosophy and to expound and discuss his central problems against the background of that general interpretation David Hume's Theory of Mind Daniel E. Flage,2019-04-24 This book first published in 1990 is a detailed examination of David Hume s Treatise of Human Nature It shows that the theory of mind developed in the Treatise is a thread which ties together many of the seemingly unrelated philosophical issues discussed in the work Hume s primary objective was to defend a bundle theory of mind and through a close examination of the texts this book provides a thorough account of how Hume understood this theory and the problems he discovered with it **Routledge Philosophy Guidebook to Hume on Religion** David O'Connor,2001 David Hume was the most important British philosopher of the eighteenth century Hume on Religion introduces students to his major work on the subject Dialogues Concerning Natural Religion *Hume's Philosophy Of The Self* Tony Pitson,2005-06-29 First Published in 2002 Personal identity lies at the very heart of Hume s philosophy but has received surprisingly limited attention Hume s Philosophy of the Self is the first book to go beyond the famous section of the Treatise Of Personal Identity and explore the fundamental concern with the Self that pervades all of Hume s work A E Pitson argues innovatively that this concern rests on a crucial distinction between two aspects of personal identity our thought and our passions Hume s Philosophy of the Self addresses issues fundamental to the study of eighteenth century thought the Scottish Enlightenment and naturalism and offers an essential new perspective on Hume s moral philosophy epistemology and philosophy of mind Routledge Philosophy GuideBook to Hume on Religion David O'Connor,2013-03-07 David Hume was the most important British philosopher of the eighteenth century His Dialogues Concerning Natural Religion is a classic text in the philosophy of religion Hume on Religion introduces and assesses Hume s life and the background to the Dialogues the ideas and text of Dialogues Hume s continuing importance to philosophy **The Humean Mind** Angela Michelle Coventry,Alex Sager,2019 David Hume 1711 1776 is widely acknowledged as one of the most important philosophers in the English language with his work continuing to exert major influence on philosophy today His empiricism naturalism and psychology of the mind and the passions shape many positions and approaches in the sciences and social sciences The Humean Mind seeks to provide a comprehensive survey of his work not only placing it in its historical context but also exploring its contemporary significance Comprising thirty eight chapters by a team of international contributors the Handbook is divided into four sections Intellectual context Hume s thought Hume s reception Hume s legacy This handbook includes coverage of all major aspects of Hume s thought with essays spanning the full scope of Hume s philosophy Topics explored include Hume s reception in the eighteenth and nineteenth centuries Hume s legacy in the

twentieth and twenty first centuries Hume s history including an essay on Hume as historian as well as essays on the relevance of history to Hume s philosophy and his politics and an updated treatment of Hume s Legal Philosophy Also included are essays on race gender and animal ethics Essential reading for students and researchers in philosophy Hume s work is central to epistemology metaphysics philosophy of mind philosophy of science ethics legal philosophy and philosophy of religion

**Hume's Theory of the Understanding** Ralph W. Church,2019-04-25 This book first published in 1935 is an examination of Hume s theories of causal inference and belief in substance and his analysis of the understanding

**Hume** Harold W. Noonan,2014-10-01 The father of modern scepticism and perhaps the most important English philosopher Hume was lauded within his own lifetime as a pivotal figure of the Enlightenment with his highly original theories of perception personal identity causation politics morality and religion Hume s voice lucid and witty is still an acute critic of human nature and Western thought

**Hume's Dialogues Concerning Natural Religion** Kenneth Williford,2023-10-31 Explores and assesses Hume s Dialogues on Natural Religion from many angles history of philosophy religion science and epistemology Most books focus only on religion Outstanding line up of contributors including Simon Blackburn and other world leading philosophers and scholars of Hume Ken Williford s introduction does an excellent job of placing the Dialogues in context

Theory and Practice in the Philosophy of David Hume James Wiley,2012-07-31 An original interpretation of Hume s philosophy as centered on the relationship between theory and practice The author argues that Hume s Essays and History represent a humanist practical philosophy derived from the speculative philosophy of A Treatise of Human Nature and the Enquiries

**A Companion to Hume** Elizabeth S. Radcliffe,2011-05-31 Comprised of twenty nine specially commissioned essays A Companion to Hume examines the depth of the philosophies and influence of one of history s most remarkable thinkers Demonstrates the range of Hume s work and illuminates the ongoing debates that it has generated Organized by subject with introductions to each section to orient the reader Explores topics such as knowledge passion morality religion economics and politics Examines the paradoxes of Hume s thought and his legacy covering the methods themes and consequences of his contributions to philosophy

Historical Dictionary of Hume's Philosophy Angela Coventry,Kenneth R. Merrill,2018-12-15 The philosopher David Hume was born in Edinburgh Scotland on April 26 1711 Known for his re thinking of causation morality and religion Hume has left a lasting mark on history James Madison the father of the U S Constitution drew heavily on Hume s writing especially his Idea of Perfect Commonwealth which combated the belief at the time that a large country could not sustain a republican form of government Hume s writing also influenced Adam Smith s Wealth of Nations and the philosophy of Immanuel Kant This edition attempts a broader picture of Hume s philosophy including more detail on the elements of his psychology aesthetics social and political philosophy as well as his legacy in contemporary topics of race feminism animal ethics and environmental issues This second edition of Historical Dictionary of Hume s Philosophy contains a chronology an introduction and an extensive bibliography The dictionary section has over 100 cross referenced

entries covering key terms as well as brief discussions of Hume's major works and of some of his most important predecessors contemporaries and successors This book is an excellent resource for students researchers and anyone wanting to know more about David Hume

**Stability and Justification in Hume's Treatise** Louis E. Loeb, 2002-09-19 David Hume's *A Treatise of Human Nature* is famous for its extreme skepticism Louis Loeb argues that Hume's destructive conclusions have in fact obscured a constructive stage that Hume abandons prematurely Working within a philosophical tradition that values tranquillity Hume favors an epistemology that links justification with settled belief Hume appeals to psychological stability to support his own epistemological assessments both favorable regarding causal inference and unfavorable regarding imaginative propensities The theory's success in explaining Hume's epistemic distinctions gives way to pessimism since Hume contends that reflection on beliefs is deeply destabilizing So much the worse Hume concludes for placing a premium on reflection Hume endorses and defends the position that stable beliefs of unreflective persons are justified though they would not survive reflection At the same time Hume relishes the paradox that unreflective beliefs enjoy a preferred epistemic status and strains to establish it Loeb introduces a series of amendments to the *Treatise* that secures a more positive result for justified belief while maintaining Hume's fundamental principles In his review of Hume's applications of his epistemology Loeb uncovers a stratum of psychological doctrine beyond associationism a theory of conditions in which beliefs are felt to conflict and of the resolution of this uneasiness or dissonance This theory of mental conflict is also essential to Hume's strategy for integrating empiricism about meaning with his naturalism However Hume fails to provide a general account of the conditions in which conflicting beliefs lead to persisting instability so his theory is incomplete Loeb explores Hume's concern with stability in reference to his discussions of belief education the probability of causes unphilosophical probability the belief in body sympathy and moral judgment and the passions among other topics
