*The Hunger Games*, en: <https://www.flickr.com/photos/andrendonadonna/6608549961/>

The bottom-line question in dystopia is that of survival. A war or natural disaster has torn society apart, so it must be rebuilt with the high priority of avoiding that the disaster repeat itself. So the “perfect” society usually implies a great deal of control and manipulation at the cost of individual freedom and creativity.

In this article, I will show in very general terms how *The Hunger Games* books fit into the dystopian tradition and how they go beyond most previous novels. There’s no way I could show you all of the textual evidence for the arguments I present in the following paragraphs, so I invite you to reread the books afterwards and judge for yourself—or get in touch with me and we can have a good discussion.

The genre of dystopia began especially with *1984* and *Brave New World*. Both of these works show the defects and abuses of dystopian societies, but fail to provide any solution or much hope for the future.

“When the gong sounds, get the hell out of there. You’re neither of you up to the blood bath at the Cornucopia. Just clear out, put as much distance as you can between yourselves and the others, and find a source of water,” he says. “Got it?”

“And after that?” I ask.

“Stay alive,” says Haymitch (*The Hunger Games*, 138-139).
