With 2003's *Offspring*, the indie-label "rock" band's fourth album, the group has a new sound to match its new name. *Offspring* is a collection of songs that are more melodic and more accessible than the band's previous work. The album is a mix of rock, pop, and folk, and it is a testament to the band's ability to evolve and grow as a group. *Offspring* is a great listen for anyone who enjoys indie rock.
