CONCEPTS OF Genetics

Eleventh Edition

KLUG - CUMMINGS - SPENCER - PALLADINO

The background of the cover features a complex, abstract illustration. It consists of numerous white, swirling, and wavy lines that create a sense of movement and depth, resembling a microscopic view of cellular structures or a topographical map. The lines are set against a dark, textured background that transitions from a deep purple on the left to a blackish-purple on the right. In the upper right corner, there is a faint, glowing blue and purple nebula-like shape. The overall aesthetic is scientific and artistic.
