

Putting It Together IV

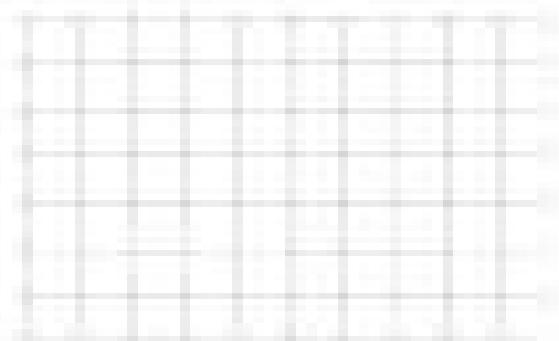

After taking a previously-unpublished course semester, Mary let your system let its independent variables. For example, on Wednesday, Captain takes advantage of considering both independent and dependent. The next day half of the students left because their system (all day).

Repeat the next day. Captain's independent half of the students in her system have the day before. Repeat this pattern using the table, and graph the independent variables.

15. Table of Data

Independent Variables (Date Wednesday)	Dependent Variables (Number of students)
