

MANY TASKS, ONE PHONE

I'm not tech-hungry or gadget-obsessed—I just have a lot to get done, so I need a smart-phone that can not only handle the ride, but helps to speed things up. Texts, emails, social network updates, spreadsheets, online shopping, conference calls—that's not a typical day, that's a typical hour! I never thought I'd be able to find a device that could actually match my energy level, but I'm happy to say that this phone has the brains and brawn to keep up.

This Android™ Gingerbread operating system has a sweet name, but it's built with savory power, getting me from contacts to web to my calendar with no down time. Plus I prefer having lots of options, so I love having both the virtual QWERTY keyboard and the ergonomic slide-out QWERTY keyboard for speedy and smooth messaging. And with seven customizable home screens, I can have Enlighten arranged just like my life...my way.

Enlighten™

It processes. It obeys.

The Android 2.3 platform makes my mobile life easy with efficient navigation, intuitive function, complete customization, and much more.

The power for productivity.

This 800 MHz processor gives me the multitasking muscle I need for workdays, weekends, and everything in between.

Fast typing, comfortable thumbs.

Enlighten's ergonomic QWERTY keyboard with generous sized keys allows me to fire out emails quickly and comfortably.

My phone. My system.

With seven customizable home screens, the Enlighten is smart enough to adapt to my needs.
