Through the language arts workshop, students read and write every day, spending time working with their teacher, collaborating with peers, and working independently. Learn to model successful language arts teaching for your students. Workshop format addresses the diverse learning needs of students, including English language learners, students with disabilities, and students who read at above or below grade level, to support early intervention or response to intervention programs. Predictable chapter organization clarifies the workshop approach and framework. Authentic examples from successful classrooms engage readers and model effective language arts instruction. A strong focus on assessment grounds the instruction, and a compendium of assessment tools prepares readers to drive their own classroom.
