MEDIA RELEASE

Prepared by: Officer Jamie Williamson		Date Prepared: June 27, 2013	
Type of Incident: Criminal Possession of Stolen Property Arrest and Parole Violation			
Date and Time of Incident: June 14, 2013 2:30 pm			
Location of Incident: West State Street			
Defendants(s): Jeremy Leitch		Age: 31	Address: City of Ithaca

On June 8, 2013 Wegmans Food Store officials filed a police report alleging Jeremy Leitch with shoplifting property from Wegmans. On June 14, 2013 an Ithaca Police Department Criminal Investigator observed Leitch walking in the 400 block of West State Street. The investigator was aware of the pending larceny charge and stopped Leitch to effect an arrest. During a search incident to arrest Leitch was found to be in possession of a small amount of heroine and a small amount of marijuana. Leitch was also found to be in possession of several computers and electronic items. Leitch was secured in police custody and transported to police headquarters for booking.

An investigation into the computers and electronic items revealed that they were stolen during recent burglaries in the Ithaca area. Police were able to match the stolen property that Leitch was in possession of by the serial numbers on each item. Leitch was charged with:

Petit Larceny, Class A Misdemeanor
Criminal Possession of Stolen Property in the Fifth Degree, Class A Misdemeanor (2 counts)
Criminal Possession of a Controlled Substance in the Seventh Degree, Class A Misdemeanor
Unlawful Possession of Marijuana, Violation

Leitch had been released from Prison and was out on Parole. His Parole Officer was contacted and his Parole was violated. Leitch was arraigned in Ithaca City Court and released to the New York State Parole System for Parole Violation proceedings. Police investigators credited the work of the property owners in recording the serial numbers and keeping the receipts for each item, which aided them in matching them to the property Leitch was found to be in possession of when he was stopped.

Ericson, University of Toronto. Centre of Criminology, 1982-01-01 Professor Ericson and his colleagues followed the work of patrol officers in a large Canadian regional police force From their direct observations comes a wealth of information quantitatively assembled and qualitatively discussed with insights into the nature of policing This book reveals that the police are not mere referees of our legal lives blowing the whistle on our infractions They are censors of certain types of possibly wrong actions They are selective in their invocation of criminal law and use the law artfully to restore settings to orderliness Ericson emphasizes the routine manner in which the patrol officer intervenes and gains compliance from the citizenry He demonstrates that when the criminal process is invoked the police maintain fundamental control over the court outcome Using these findings he addresses basic questions about the role of police in relation to crime and how it is produced literally by the patrol officer Crime is also seen as the primary basis of police legitimacy which in turn enables the police to engage in broad surveillance and information gathering The author's conclusions about the nature of policing and his discussion of the implications of proposals for reform of police will generate better informed deliberation in political and public decision making and in the general study of sociological theory Dublin ,2009-12-01 DK Eyewitness Travel's full color guidebooks to hundreds of destinations around the world truly show you what others only tell you They have become renowned for their visual excellence which includes unparalleled photography 3 D mapping and specially commissioned cutaway illustrations DK Eyewitness Travel Guides are the only guides that work equally well for inspiration as a planning tool a practical resource while traveling and a keepsake following any trip Each guide is packed with the up to date reliable destination information every traveler needs including extensive hotel and restaurant listings themed itineraries lush photography and numerous maps **Police Ethics** Louise Westmarland, 2025-05-12 This book is an important analysis of how police themselves define and respond to police corruption and wrongdoing It offers special insights into this hard to research issue because it is based on using similar techniques of study on samples of police over time and in different jurisdictions all linked by an autoethnographic account by Professor Westmarland an internationally celebrated expert on the topic narrating her engagement with the problems of police
