Curriculum Differentiation Reba Page, Linda Valli, 1990-11-27 Sharing methods and orientations of the interpretive paradigm the contributors to this book sharpen our understanding of the school's differentiating function. They analyze issues and clarify persistent contradictions in traditional studies of curriculum differentiation and tracking by examining schools and classrooms and describing the processes and contexts in which curriculum differentiation produces both its intended and unintended effects. *Curriculum Differentiation* focuses on student's creation of meaning from differentiated classroom experiences. It studies lower track students, analyzes the experiences of students in alternative programs and contrasts the experiences of honor students in two different schools. It also offers teachers perspectives and analyzes curriculum differentiation from a district or system perspective. The authors challenge notions that curriculum differentiation is a neutral necessary response to individual differences or that it has an adverse impact on students. Professional educators interested in understanding and improving the means by which high schools carry out the nearly impossible mandate of equitably distributing humanized knowledge while accommodating diversity will find this book an important resource.

The Letters of Shirley Jackson Shirley Jackson, 2022-07-19 A bewitchingly brilliant collection of never before published letters from the renowned author of *The Lottery* and *The Haunting of Hill House*. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS REVIEWS. This biography through letters gives an intimate and warm voice to the imagination behind the treasury of uncanny tales that is Shirley Jackson's legacy. Joyce Carol Oates: Shirley Jackson is one of the most important American authors of the last hundred years and among our greatest chroniclers of the female experience. This extraordinary compilation of personal correspondence has all the hallmarks of Jackson's beloved fiction: flashes of the uncanny in the domestic, sparks of horror in the quotidian, and the veins of humor that run through good times and bad. I am having a fine time doing a novel with my left hand and a long story with as many levels as Grand Central Station with my right hand, stirring chocolate pudding with a spoon held in my teeth and tuning the television with both feet. Written over the course of nearly three decades from Jackson's college years to six days before her early death at the age of forty-eight, these letters become the autobiography Shirley Jackson never wrote. As well as being a bestselling author, Jackson spent much of her adult life as a mother of four in Vermont, and the landscape here is often the everyday: raucous holidays and trips to the dentist, overdue taxes and frayed lines of Christmas lights, new dogs and new babies. But in recounting these events to family, friends, and colleagues, she turns them into remarkable stories: entertaining, revealing, and wise. At the same time, many of these letters provide fresh insight into the genesis and progress of Jackson's writing over nearly three decades. The novel is getting sadder. It's always such a strange feeling: I know something's going to happen, and those poor people in the book don't—they just go blithely on their ways. Compiled and edited by her elder son, Laurence Jackson Hyman, in consultation with Jackson scholar Bernice M. Murphy and featuring Jackson's own witty line drawings, this intimate collection holds the beguiling prism of Shirley Jackson: writer and reader, mother and daughter, neighbor and wife, up to the light.
