known in TESOL related literature in recent years usually in the context of interracial sexual desire In this far reaching new study of the internationalization of Japanese Higher Education Chisato Nonaka uses akogare as both an analytical lens and the object of enquiry and ultimately reconceptualises it as the creation of a space where individuals negotiate and transcend their ethnic national racial gender or linguistic identities The book innovatively engages with the often controversial binary of Japanese non Japanese and demonstrates how Japan often thought of as a homogenous nation may be at a critical crossroads where long held assumptions about a singular Japanese identity no longer hold true The book has profound implications for how internationalization can mean more than just the use of English **The Cambridge Companion to Hip-Hop** Justin A. Williams,2015-02-12 This Companion covers the hip hop elements methods of studying hip hop and case studies from

Nerdcore to Turkish German and Japanese hip hop **Playing in the Shadows** William H. Bridges,2020-02-10 Playing in the Shadows considers the literature engendered by postwar Japanese authors robust cultural exchanges with African Americans and African American literature The Allied Occupation brought an influx of African American soldiers and culture to Japan which catalyzed the writing of black characters into postwar Japanese literature This same influx fostered the creation of organizations such as the Kokujin kenkyu no kai The Japanese Association for Negro Studies and literary endeavors such as the Kokujin bungaku zensh The Complete Anthology of Black Literature This rich milieu sparked Japanese authors Nakagami Kenji and e Kenzabur are two notable examples interest in reading interpreting critiquing and ultimately incorporating the tropes and techniques of African American literature and jazz performance into their own literary works Such incorporation leads to literary works that are black not by virtue of their representations of black characters but due to their investment in the possibility of technically and intertextually black Japanese literature Will Bridges argues that these fictions of race provide visions of the way that postwar Japanese authors reimagine the ascription of race to bodies be they bodies of literature the body politic or the human body itself *Hip Hop in America: A Regional Guide* Mickey
