Preserving Family Recipes Valerie J. Frey, 2015-11-01 Heirloom dishes and family food traditions are rich sources of nostalgia and provide vivid ways to learn about our families' past, yet they can be problematic. Many family recipes and food traditions are never documented in written or photographic form, existing only as unwritten know-how and lore that vanishes when a cook dies. Even when recipes are written down, they often fail to give the tricks and tips that would allow another cook to accurately replicate the dish. Unfortunately, recipes are also often damaged as we plunk Grandma's handwritten cards on the countertop next to a steaming pot or a spattering mixer, shortening their lives. This book is a guide for gathering, adjusting, supplementing and safely preserving family recipes and for interviewing relatives, collecting oral histories and conducting kitchen visits to document family food traditions from the everyday to special occasions. It blends commonsense tips with sound archival principles, helping you achieve effective results while avoiding unnecessary pitfalls. Chapters are also dedicated to unfamiliar regional or ethnic cooking challenges as well as to working with recipes that are orphans, surrogates or terribly outdated. Whether you simply want to save a few accurate recipes, help yesterday's foodways evolve so they are relevant for today's table or create an extensive family cookbook, this guidebook will help you to savor your memories.

Building Social Web Applications Gavin Bell, 2009-09-17 Building a web application that attracts and retains regular visitors is tricky enough, but creating a social application that encourages visitors to interact with one another requires careful planning. This book provides practical solutions to the tough questions you'll face when building an

effective community site one that makes visitors feel like they've found a new home on the Web. If your company is ready to take part in the social web, this book will help you get started. Whether you're creating a new site from scratch or reworking an existing site, *Building Social Web Applications* helps you choose the tools appropriate for your audience so you can build an infrastructure that will promote interaction and help the community coalesce. You'll also learn about business models for various social web applications with examples of member-driven, customer service-driven, and contributor-driven sites. Determine who will be drawn to your site, why they'll stay, and who they'll interact with. Create visual design that clearly communicates how your site works. Build the software you need versus plugging in one-size-fits-all off-the-shelf apps. Manage the identities of your visitors and determine how to support their interaction. Monitor demand from the community to guide your choice of new functions. Plan the launch of your site and get the message out.

Web Accessibility Cookbook Manuel Matuzovic, 2024-06-14

Frontend developers have to consider many things: browser compatibility, usability, performance, scalability, SEO, and other best practices. But the most fundamental aspect of creating websites is one that often falls short: accessibility. Accessibility is the cornerstone of any website, and if a website is inaccessible, users won't be able to interact with it, obtain information, sign up for services, or buy products. *The Web Accessibility Cookbook* provides you with dozens of recipes to help you avoid these failures. You'll learn how to build common components such as main navigation, filters, and dialogs in an accessible manner. Each recipe not only explains how to build things but also why. Author Manuel Matuzovic provides the knowledge you need to create your own accessible components and address your users' varying needs, abilities, and preferences. With this practical guide, you will learn how to build websites that feature inclusive frontends. Discover the common obstacles website users face every day. Understand how your decisions impact users. Learn how to build accessible frontends step by step. Write high-quality markup and CSS. Evaluate the accessibility of frontend components.
