**Intersectional Listening** Allie Martin, 2025-02-25 Gentrification is often considered through a visual lens where development progress and neighborhood change are observed But what does gentrification sound like In Intersectional Listening author Allie Martin engages this question in Washington DC asking how Black people experience gentrification as a sonic racialized process Drawing from music interviews soundscape recordings and more Martin argues that gentrification ultimately serves to silence some voices and amplify others Martin employs a combination of methodologies from ethnomusicology Black Studies geography and

digital humanities to make audible the ways in which gentrification disrupts and disturbs community Throughout she centers Black feminist listening practices thinking through digital modes of listening and imagining emancipatory soundscapes Intersectional Listening benefits from an innovative combination of sources from interviews and soundwalks to passive acoustic recording and machine learning Martin shares compelling stories of music and sound in the nation s capital and in doing so shifts conversations about how we listen to Black life By foregrounding how processes of gentrification systematically seek to devalue mishear and ultimately silence Black possibility Intersectional Listening posits how we can challenge ourselves to refute the consistent mishearing of Black people in Washington DC and beyond Conversations with Kiese Laymon Constance Bailey,2025-08-21 In over a dozen interviews Conversations with Kiese Laymon provides an in depth look at author Kiese Laymon as an educator creative writer activist family member and Mississippian Interviews capture surprising insights into Laymon s life and craft Within these pages Laymon talks about his engagement with other writers including Richard Wright William Faulkner and Eudora Welty These revelations situate his memoir Heavy among other great Mississippi autobiographies and memoirs such as Anne Moody s Coming of Age in Mississippi Welty s One Writer s Beginnings Jesmyn Ward s Men We Reaped and Natasha Trethewey s Memorial Drive In other interviews he discusses his obsession with revision and deftly fields questions about pop culture politics and Black masculinity along with a host of other pressing contemporary issues As the first collection of its kind Conversations with Kiese Laymon serves as the perfect introduction to studying Laymon The cross section of interviews included reflects Laymon s humility while simultaneously celebrating his accomplishments Most importantly the interviews reflect his stature as a major American literary figure With topics ranging from hip hop and family to politics and everything in between this volume provides an unfiltered look at the prolific Southern writer in his own words Antiquity and Social Reform Dawn Hutchinson,2010-06-09 Although religious innovation in America has historically been the norm rather than the exception mainstream Americans have often viewed new religious movements with suspicion and occasionally with outright alarm The question motivating many studies of new religious movements has been why would someone join these religions In Antiquity and Social Reform Dawn Hutchinson offers at least one answer to this often repeated query She argues that followers of new religious movements in the 1960s 1980s specifically the Unification Church Feminist Wicca and the Nation of Yahweh considered these religions to be legitimate because they offered members a personal religious experience a connection to an ancient tradition and agency in improving their world Utilizing an historical approach Antiquity and Social Reform considers the conversion narratives of adherents and primary literature of the formative years of these movements which demonstrates that the religious experiences of the adherents and a resonance with the goals of these religions propelled members into social action
