Female-Led Relationships Mistress Dede,2015-02-08 Nowadays many people are becoming more and more aware to the concept that not all relationships are the same What works for some people certainly does not suit others Love and affection need not be confined to labels and strict definitions because the spectrum of what constitutes a relationship is broader than many people imagine The foundation of a great relationship is built on a solid platform comprised of love trust respect and above all communication But there are so many different ways of expressing these things and no relationship is one size fits all For many people the phrase traditional relationship conjures an image of a subordinate woman with the man ruling the roost While this is no longer seen as an absolute standard it still has resonance with lots of people And while a large majority of people prefer a more egalitarian approach to relationships that doesn't work for everyone either Female led relationships are often misunderstood but are more common than you might think In this type of relationship the woman is the dominant partner and her partner is the willing subordinate We'll be exploring the dynamics of this type of relationship in this guide and the various aspects and benefits it has to offer You may find yourself more intrigued than ever before **The Sissy**

However, never have these lessons been combined in a back-to-back format before so that they comprise a rigorous program which culminates in your complete male-to-female transformation. This program will be your strongest training weapon and one you can go through and refer to over and over again when you feel you are losing your sissy touch or need to feel sexier, prettier or more grounded in your sissiness. At the end of this manual you will find a mandatory Sissy Test and whether you have taken this or another test in the past you must retake it at the end of your training as it will be an absolute accurate measure of your level of progress and success in this training program. I will only consider scores of 50 or above as passing grades but are encouraged to retake the entire course if your score is below 90. Only scores of 90 or above are considered excellent and entitle you to print the diploma that is found at the end of this course.
