If you are not sure of the correct installation of any part of the quick start guide, please download the complete installation manual available at www.autopageusa.com. This quick start guide is a first reference for professional installers that are familiar with the installation and operation of the remote start system. Please test all of your components to insure proper operation of the vehicle system returning to the customer.

For additional technical support, please call 800-888-8888 and visit our first website www.autopageusa.com through following from 8:00 to 1:00 Pacific Standard Time.

The Remote Starter with Remote Entry System has been designed to be installed on Transponder systems with an Autopage Transponder (DS-434).

1. Mount the unit where there is a remote transponder system.

2. The system must be installed and tested through a safety switch or it will not start in any forward or reverse gear.

Some Autopage Transponder systems may have other DS-434 systems with a remote starter and have a mechanical key, key, safety switch, or other safety switch. The mechanical key does not interrupt the starter circuit when the transponder is in any gear and does not allow the DS-434 to start in any forward or reverse gear. Therefore, the system should never be installed on any vehicle that has a mechanical key, key, safety switch.

Once you install the system, you must verify that the vehicle will not start in any forward or reverse gear regardless of the type of vehicle.

3. Mount the system where there is a remote transponder system that can properly complete the installation. There is a possibility that the system cannot be installed on some Autopage Transponder systems.

4. Some vehicles have an ABS or air system. The vehicle must not be in any gear or in any forward or reverse gear when the system is installed.

5. Disconnect the air battery before beginning work on the system.

6. Check battery grounds before driving any vehicle. Ensure that no wiring terminals or other components are located between the battery that would otherwise be damaged.

7. Do not use conventional jump box, battery or any other power source. Do not use jump box with positive electrical connection into the start system and may result in false alarm or incorrect operation. The suggested following of connection points.

8. Install the wiring neatly under panels or under wire to prevent possible damage to wires.
