In addition to the 3D workspace, SketchUp also includes several different windows, such as the Component browser that's shown in Figure 1-1. You can open and close these as needed by using the Window menu. With the tools in these windows, you'll apply color and shading to your models, select prebuilt components, add shadows and lighting effects, and export your project.

SketchUp's menu bar is located at the top of the window, and it includes the File, Edit, Window, and Help menus. SketchUp's View menu is a little different from the ones in most programs (Figure 1-2). The View menu has items in the SketchUp window that you can show or hide, including things like the drawing guides, the 3D model, the measurement tool, and the different windows. If you're looking for tools that change over time of the SketchUp window, such as the View or the tool, look under the View menu.
