### **Exampler 2014 Life Orientation Memo:**

**Rapprochement Between Fathers and Sons** Louis Rothschild, 2023-11-23 Following Freud's rather cold conception of fathers and a relative neglect of their role in psychoanalytic theory is a challenge to continue more recent efforts to develop a psychoanalytically affirmative portrait of fatherhood. Here fathers are attuned to relational mutuality and intimacy as a source of flourishing. Rapprochement is understood as a sub phase of child development marked by a dramatic expression of conflict such as "Hear me see me give me space don't give me space." In addition, rapprochement is considered to characterize conflicts between autonomy and dependency across the lifespan. An often muted and subtle tension between holding and letting go persists. Working with what is felt entails entering a never fully completed negotiation marked by misreadings, bias, and illusion. Father is understood to be a name pointing to a parenting function. With material that includes the grief of failed reunion, particular stories are mediated through thinking alongside philosophy and psychoanalytic theory in order to further explore the difficulty of integrating nurturing capacities into conceptions of masculinity. As a critique of gendered rigidity, a case is made for a social surround that declares mutual vulnerability to exist in a state of permanent inquiry and relational curiosity. Such openness can function to aid parents, clinicians, and respective community members to privilege the development of increased frustration tolerance. By extension, a good enough father is one who recognizes breakdown, a need for refueling, and possesses and practices a willingness to encounter uneven rhythms in human dimensions. This thoughtful work brings fresh insight into the role of the father and masculinity and is essential reading for mental health professionals.

Moral Reflections on the Book of Job Pope Gregory I, 2014 Gregory the Great was pope from 590 to 604, a time of great turmoil in Italy and in the western Roman Empire, generally because of the barbarian invasions. Gregory's experience as prefect of the city of Rome and as apocrisarius of Pope Pelagius fitted him admirably for the new challenges of the papacy. The *Moral Reflections on the Book of Job* were first given to the monks who accompanied Gregory to the embassy in Constantinople. This first volume of the work contains books 1-5 accompanied by an introduction by Mark DelCogliano.
