Torjen Danny Cove, 2015-01-30 A legion has threatened to conquer a distant world its ruler having declared himself a god Having already conquered a race of sorcerers he intends to rule the world with an iron fist ushering in a new age of domination He and his armies seem invincible On a small unknown island in the middle of the ocean the wisest smartest and fiercest of warriors and adventurers meet to discern an alternate future Their only possibility a mysterious and ancient artifact known as the Orb of Torjen a device which according to legend guarantees victory in battle But as they trek across their world toward the object they face monsters curses dragons demons and supernatural storms that rage against them And while the tyrant watches them from afar they are forced to deal with adversity and face the possibility of betrayal A novel fraught with internal struggles and times when faith alone is the key to survival *Torjen* shows what happens when a person is forced to do as the map to the orb commands to face your own darkness within **Hell's Gate** David Weber, Linda Evans, 2006-11-01 They Thought They Knew How The Universes Worked THEY WERE WRONG In the almost two centuries since the discovery of the first inter universal portal Arcana has explored scores of other worlds all of them duplicates of their own Multiple Earths virgin planets with a twist because the explorers already know where to find all of their vast untapped natural resources Worlds beyond worlds effectively infinite living space and mineral wealth And in all that time they have never encountered another intelligent species No cities no vast empires no civilizations and no equivalent of their own dragons gryphons spells and wizards But all of that is about to change It seems there is intelligent life elsewhere in the multiverse Other human intelligent life with terrifying new weapons and powers of the mind and wizards who go by the strange title of scientist At the publisher's request this title is sold without DRM Digital Rights Management Packs enough punch to blast a starship to smithereens Publisher's Weekly on David Weber's Honorverse series It is impossible not to be entertained delighted even enthralled by this splendid piece of storytelling Booklist an outstanding blend of military technical writing balanced by superb character development and an excellent degree of human drama very highly recommended Wilsin Library Bulletin **Gateway to Hell** Dennis Wheatley, 1974 *Commedia and Canzoniere.
