least touched on in this book These include antelope deer elk buffalo coyote bobcat fox mountain lion rabbits pheasants ducks geese grouse and prairie chickens Im also curious about whats over the next hill In choosing between a new pickup truck vs a hunt in Argentina Ill continue to drive my twelve year old Dodge Dakota rather than a late model A guy living on South Dakota teacher retirement checks and social security looks for creative ways to hunt and fish foreign soil To that end Ive been successful as many of the hunts and fishing trips from beyond Dakota borders fill this category At the present time the outfitters mentioned in this book remain in business I strongly recommend all of them Today essential tremor and peripheral neuropathy cause me a great deal of difficulty when I hunt or fish In shooting a rifle I must have a rock solid anchor I must not touch the trigger until my scope reticle is glued to my target and I pass on most shots Numb legs and poor balance prevent me from navigating slopes Im a long way from being a role model but it would have been easy to quit Dont allow some minor handicap keep you from the field or lake Ive discovered that most fellow sportsmen and women are anxious to assist in any way they can Hopefully youll enjoy this book
