**Preserving Family Ties** Mark David Roseman Ph.D. CFLE, 2018-02-02 Preserving Family Ties was not written to give you a formula for action Rather this is a guidebook for understanding It was written to give a clearer understanding of the complexity in child custody when parents separate This book provides you the historical context for the changes you experience and what you may fear I have written this book to offer parents and professionals that context in which the new reality unfolds It was written to help you understand that one can move forward best when they acknowledge your feelings as you endure so many life changes often abrupt and unexpected b recognize the obstacles and options in the child custody and divorce process and c seek support from family friends community resources to affect the best transition for you and your children There is no magic wand to solve problems that parents may encounter real or imaginary However our imagination can play havoc with this journey of family transition The future we prefer for our children for each parent for grandparents and other extended family members can be far better than imagined
