

WHAT TO DO AFTER YOU GET INTO A CAR ACCIDENT

(and protect yourself from fraudulent claims)

Start collecting evidence **ASAP!**

After the accident, **ALWAYS** take your phone out and start recording **BEFORE** the other party can move their car.

Law enforcement and insurance companies have a hard time determining fault without evidence.

Look for any **CAMERAS** at the scene and get the footage as soon as you can. Usually, it takes 2-3 weeks to get the footage.

Take **LOTS** of photos

Use your camera phone to take pictures of:

- the other driver's documents
- damage from multiple angles
- skid marks
- accident scene location
- license plate
- insurance card.

Call the police to get them to create an accident report!

If there is more than one person in the car, **take a picture of the driver** so they can't say later that someone else was driving.

dash cams are a fantastic **investment*****
