**Decolonising African University Knowledges, Volume 2** Amasa P. Ndofirepi, Felix Maringe, Simon Vurayai, Gloria Erima, 2022-10-14 This book explores the influence of neoliberal globalisation on African higher education considering the impact of the politics of neoliberal ideology on the nature and sources of knowledge in African universities Written by African scholars the book engages with debates around the commodification of knowledge socially just knowledge knowledge transformation collaboration and partnerships and indigenous knowledge systems It challenges the neoliberal approach to knowledge production and dissemination in African universities and contributes to debates around decolonising knowledge production in Africa The chapters draw on experiences from universities in different sub Saharan countries to show how the manifestation of neo colonialism through the pursuit of the hegemonic neoliberal philosophy is impacting on decolonising

university knowledge in Africa Providing a unique critique of the impact of neoliberal higher education in Africa the book will be essential reading for researchers scholars and postgraduate students in the field of Sociology of Education decolonising education Inclusive Education and Education Policy **Inequality in Financial Capitalism** Pasquale Tridico,2017-03-16 Recently the issue of inequality has regained attention in the economic and political debate This is due to both an increase in income inequality in particular among rich countries and an increasing interest in this issue by researchers and politicians In the last three decades income inequality among rich countries increased This period also witnessed the growth of financial capitalism characterised by the strong dependency of economies on the financial sector by the globalisation and intensification of international trade and capital mobility and by the flexibilisation of labour markets and the reduction of wage shares From the 1980s to the present day this book considers the theoretical aspects of inequality its foundations definitions approaches and origins and examines empirical evidence of income inequality in a wide range of advanced economies The key arguments in this volume are that income inequality increased during this period because labour and welfare became seen as costs to be compressed in financial capitalism rather than as a fundamental part of aggregate demand to be expanded However the welfare state is not a drain on economic performance and competitiveness nor is it a barrier to economic efficiency Instead it is demonstrated that in countries that adopt welfare capitalism welfare state expenditure not only contributes to a reduction in inequality but also fosters economic growth Inequality in Financial Capitalism is of great importance to those who study economics political economy labour economics and globalisation

**National Identity and State Formation in Africa** Manuel Castells,Bernard Lategan,2021-03-17 This book examines how the interplay between globalization and the assertion of local identities is reshaping the political landscape of Africa While defending their values against external forces people simultaneously and paradoxically use the interconnectivity of global networks to maximize their particular interests Focusing on the relation between national identity and state formation the authors explore the far reaching consequences of these contradictory dynamics Although Africa shares many common trends with other parts of the world it also displays distinctive features A region characterized by the increased mobility of people goods and ideas challenges some conventional assumptions of statecraft and also highlights the advantages of federalism not merely as a constitutional option but as a pragmatic device for managing diversity and holding fragile states together The book further explores emerging types of state formation in the same political space as exemplified by the combination of elements of a kingdom an independent state and a national power base in the province of KwaZulu Natal and the careful crafting of an alternative state within a state by the Solidarity Movement in South Africa Informed by examples and case studies drawn from different parts of Africa this book will be of great interest to students and scholars of Africa politics sociology media studies and the social sciences more generally *Knowledge Engineering and Knowledge Management* Eva Blomqvist,Paolo Ciancarini,Francesco Poggi,Fabio Vitali,2016-11-12 This book constitutes the refereed

**Handbook of BRICS and Emerging Economies** PB Anand, Shailaja Fennell, Flavio Comim, 2020-12-16 Ever since Jim O Neill at Goldman Sachs coined the term BRICS in 2001 there have been many different assessments of these major emerging economies with some even proclaiming that the promise of the BRICS comprising Brazil Russia India China and South Africa is over However the so called arranged marriage still seems to be working well with the club having become a formal international forum with summit declarations ministerial meetings and numerous BRICS wide fora Is this euphoria misplaced Is there a BRICS model of economic and human development Are inequalities increasing and is this the denouncement of the economic successes Are geo political tensions rising between these nations During the post COVID 19 situation the importance of bilateral and multilateral co operation mechanisms and institutions is becoming clear This book focuses on one such emerging co operation mechanism of BRICS but also more widely on those five countries and other similar economies As a global depression looms large global economic recovery depends on the performance of not only its largest economies but also many other important and significant economies within the so called G20 group Even prior to the COVID 19 outbreak multilateral institutions have been under considerable strain as with the relationship between the United States of America and China and risks to global economic recovery appear very real This book brings together multi disciplinary perspectives from over sixty scholars and it presents a comprehensive and deep dive into the BRICS and emerging economies and into an understanding the political economic and social contexts that can help in designing approaches for recovery and regaining the last momentum in the journey towards the Sustainable Development Goals

**Turning Water into a Commodity** Christiane Tristl, 2025-07-31 Pay as you go water dispensers are used in many areas in the Global South particularly those that are off grid This book examines the increasing influence of private corporations and philanthrocapitalist principles in development cooperation in the SDG era by focusing on water supply to the inhabitants of rural and peri urban areas of Kenya The book explores how private sector approaches and digital technologies open up remote regions to permanent arrangements of transnational market based water supply beyond state sovereignty which define their users as paying customers Considering these technological solutions alongside socio political realities and local knowledge it offers a nuanced perspective on the promises and limitations of market based interventions in the water sector

Marital Rape

Kersti Yllö, M. Gabriela Torres, 2016-05-09 Rape in marriage is a global problem affecting millions of women it is still legal in many countries and was only criminalized in all U S states in 1993 In much of the world marital rape is too often understood as an oxymoron due to the fact that the ideology of permanent consent underlies the legal and cultural definitions of sex in marriage From Vietnam to Guatemala to South Africa and beyond this volume examines how cultural legal public health and human rights policies and practices impact intimate partner violence While legal and cultural conceptions of marital rape vary widely from criminal assault to wifely duty this volume offers evidence from different societies that forced sex undermines the physical and psychological well being of the women who experience it regardless of their cultural context Globally the nature of marriage is changing and so are notions of individual choice love intimacy and rigid gender roles Marital Rape documents wide ranging and fluid understandings of sex consent and rape in marriage such an array of perspectives demands an international and interdisciplinary approach to the study of sex and gender based violence This text brings together an international group of scholars from the fields of anthropology sociology criminology law public health and human rights their work points to the importance of understanding the lived experience of sexual violence for the design of effective and culturally sensitive public policy and practice

*Shadow of Liberation* Vishnu Padayachee, Robert Van Niekerk, 2019-10-01 *Shadow of Liberation* explores the intricate twists turns contestations and compromises of ANC economic and social policymaking with a focus on the transition era of the 1990 s and the early years of democracy With the damning revelations by the Zondo Commission of Inquiry into State Capture on the massive corruption of the South African body politic the timing of this book could not be more relevant South Africans need to confront the economic and social policy choices that the liberation movement made and to see how these decisions may have facilitated the conditions for corruption to emerge and flourish Answers are needed Padayachee and van Niekerk focus their attention on the primary question of how and why the ANC given its historical anti inequality re distributive stance come in the 1990s to such a dramatic turn around and move towards an essentially market dominated approach Were they pushed or did they go willingly What role if any did Western governments and international financial institutions play And what of the role of the late apartheid state and South African business Did leaders and comrades sell out the ANC s emancipatory policy vision *Shadow of Liberation* tries to provide answers to these questions drawing on the best available primary archival evidence as well as extensive interviews with key protagonists across the political non government and business spectrum The authors argue that the ANC s emancipatory policy agenda was broadly to establish a social democratic welfare state upholding rights of social citizenship However its economic policy framework to realise this emancipatory mission was either non existent or egregiously misguided

**South Africa Pushed to the Limit** Hein Marais, 2013-07-04 Since 1994 the democratic government in South Africa has worked hard at improving the lives of the black majority yet close to half the population lives in poverty jobs are scarce and the country is more unequal than ever For millions the colour of people s skin still decides

their destiny In his wide ranging incisive and provocative analysis Hein Marais shows that although the legacies of apartheid and colonialism weigh heavy many of the strategic choices made since the early 1990s have compounded those handicaps Marais explains why those choices were made where they went awry and why South Africa s vaunted formations of the left old and new have failed to prevent or alter them From the real reasons behind President Jacob Zuma s rise and the purging of his predecessor Thabo Mbeki to a devastating critique of the country s continuing AIDS crisis its economic path and its approach to the rights and entitlements of citizens South Africa Pushed to the Limit presents a riveting benchmark analysis of the incomplete journey beyond apartheid **Education for All 2000-2015: achievements and challenges**
