Hedges, 2017-03-16 ARCHITECTURAL GRAPHIC STANDARDS THE LANDMARK UPDATE OF THE MOST RECOGNIZED STUDENT RESOURCE IN ARCHITECTURE The Student Edition of the iconic Architectural Graphic Standards has been a rite of passage for architecture building and engineering students for more than eighty years Thoughtfully distilled from the Twelfth Edition of Architectural Graphic Standards and reorganized to meet the specific needs of today s students this fully updated Student Edition shows you how to take a design idea through the entire planning and documentation process This potent resource stays with you through your academic experience and into your first years as a professional with thousands of useful illustrations and hundreds of architectural elements conveniently placed at your fingertips Presented in a format closely resembling an architect s actual workflow this Twelfth Edition student handbook features Completely new material on resiliency in buildings A versatile treatment written for the design studio setting and aligned with the most current curricular trends including new and updated coverage on topics related to sustainability digital fabrication and building information modeling BIM A proven pedagogy that saves students time and ensures young professionals avoid the most common pitfalls Develop a state of the art mastery of design best practices with Architectural Graphic Standards Twelfth Edition Student Edition **The Graphic Standards Guide to Architectural Finishes** ARCOM, The American Institute of Architects, 2002-08-12 From ARCOM and The American Institute of Architects A complete visual guide to choosing and using finish materials In this unique guide the authors of MASTERSPEC and Architectural Graphic Standards join forces to offer architects vitalsingle source access to the unbiased information they need to evaluate select and specify the best finish materials for any job This powerful visual resource combines hundreds of illustrations from Architectural Graphic Standards with corresponding building material performance and specification information from AIA s MASTERSPEC published by ARCOM Use this book during the schematic and design development

phases of a project and as an indispensable aid for product selection and specification. Essential for architects, interior designers, and building designers, this vital reference provides information to make informed decisions about specific design goals such as affordability, environmental friendliness, durability, fire resistance, and esthetic success. Features include: Unique source of independent in-depth building product performance information; the one source that gives you reliable building product information before you consult with manufacturers; Covers a full range of standard finish materials and includes selection criteria, details, typical product sizes, and installation and maintenance data; Provides current standards based on research by government association and independent testing organizations as well as the input of experienced architects and specifiers. Architectural Graphic Standards has served the design community for decades as a virtual bible for architectural detailing. MASTERSPEC Evaluations have long comprised one of the best resources available for building product selection and specification. Consolidating the strong points of both into this new desktop reference is an act of sheer brilliance. Martin M. Bloomenthal, FAIA, CCS, CSI, Principal, The Hillier Group, Princeton, New Jersey.
