referred to as an electric vehicle or EV In **Select Your Electric Car** I explore the various options of EVs available in the United States If you live in California or in one of the other states which have similar zero emission vehicle standards you will have more choices These states have laws that car companies selling cars in their state must provide a certain percentage of EVs I am going to focus on the EVs which are widely available in the US now 2018 I ll compare them so that hopefully you will be able to purchase the EV which fits your lifestyle or the lifestyle which you plan to adopt once you own an EV I ll also look at a few other EVs which are not as widely available In 2019 car dealers will be offering more models of EVs nationally at least that s the plan I m thinking that you might want a car with more of a track record So I won t be saying as much about those models though I will mention them The US ranks seventh in number of EVs sold following China United Kingdom France Sweden Netherlands and Norway who is at 1 If you wanted to wait until 2019 to drive your EV and you had 200 000 200K to spare and you had a Commercial Driver s License CDL or could hire a driver who did why not just purchase a Tesla Electric Semi After all Elon Musk is now saying it will have a 600 mile range Even if he s only 75% correct that s still a 450 mile

range I could drive into town Olympia every day of the week and up to the big city Seattle on the weekend And I still wouldn't have to charge my rig And in Aug 2018 a Tesla Semi made it from Coast to Coast across the US It did have to be recharged But the driver was able to find charging stations which were powerful enough to charge it But where would I park the thing Besides I don't have a CDL And the few people I know who do aren't interested in being my personal chauffeur I also definitely don't have 200K that I can afford to spend on my next vehicle I won't talk about the Tesla Semi in this book You can read about that vehicle in my book *The Hybrid Vehicle* I'll also mention techniques for driving an EV which will expand their range At least these techniques work when driving my 2015 Electric Nissan Leaf Rating G Reading Level Easy 6th Grade Longest Word Oversimplification *A Serpent's Tooth* Craig Johnson, 2013 The inspiration for A E s Longmire finds himself in the crosshairs in the ninth book of the New York Times bestselling series Cord Lyneair is searching for his missing mother but clues are scarce Longmire and his crew come to help **My Life in Your Eyes** Ellsie Brooks, 2012-06-07 Addyson Michaels is the most popular girl in school She has a head of perfect brown hair crystal clear skin and eyes the most alluring shade of amber you've ever seen No one sees those things though Her celebrity status stems from the fact that she's sixteen years old five feet and six inches tall and weighs 245 pounds Anyone looking for someone to tease degrade pull pranks on or humiliate to better their own reputation invariably finds their way to Addy Everyone knows her by name Braxton Carmen Addy's lifelong best friend just happens to be one of the hottest guys in her school a point that only serves to make things worse Brax is very protective of Addy and has very easily adapted to the big brother role though he's only about a month older Brax is at the center of every positive thing Addy has to hold on to and over the last few months she's begun to notice a change in her feelings for him Could it be love Motivated by her feelings for Braxton and appreciation for his loyalty to her all these years Addy begins to wonder if he would enjoy the life he'd have if he weren't stuck protecting her from the cruelty of their peers Perhaps it's time to let him go even if he doesn't want to **What Do I Do If...?** Eric Grzymkowski, 2015-04-03 Matters of life and death Loss of limb serious injuries and not so serious injuries Expensive mishaps you wish had never happened Obnoxious hassles and general pains in the a Embarrassing events that make you want to crawl under a rock

**Pull the Trigger** Samantha Conley, 2024-04-12 Levi Trigger Jameson I used to be the best fighter in Blacktop Brethren MC Until I killed someone and that ended my fighting days Now I serve my club however needed and the people of our town through my father's garage He's my vice president too so there isn't much difference between the club and work My free time is just that free Mostly spend enjoying clubwhores until I get bored Then Sheridan walks into the garage after her car is towed and gives me something most other women don't a challenge She's a single mother with a baby daddy full of drama and the last thing she needs is me and my club making it worse But I'm not one of those men that give up on something I want and want her in ways I can't even understand Just as I get her to admit she wants me too my past comes back to bite us both Her baby daddy is a member of the club that wants vengeance I might refuse to get in the ring again but with love

comes weakness and they aren't afraid to use their own to get it. If getting back in the fight keeps Sheridan and her daughter safe that's exactly what I'll do. But I promise they're going to regret the very moment they threatened what is mine. Because in or out of the ring I will slaughter anyone who stands between me and Sheridan and I mean anyone.
