Le sport féminin : le sport, dernier bastion du sexisme ?

Fabienne Broucaret,2012-06-07 Disons le d'entre-deux le sport moderne a été inventé dans le dernier quart du XIXe siècle par les hommes pour les hommes Le sport est un milieu machiste et ce sexisme prend aujourd'hui des formes plus insidieuses Fabienne Broucaret soulève autant de questions incitant les nouvelles générations qui esquissent les contours du féminisme d'aujourd'hui se pencher sur le monde du sport Du sexisme dans le sport Béatrice Barbusse,2022-02-24 Art Units for

Hs-Urban Commun Ziegfield,2002-01-01 In the past when sport simply excluded girls the equation of males with active athletic power and of females with weakness and passivity seemed to come easily almost naturally Now however with girls' and women's dramatic movement into sport the process of exclusion has become a bit subtler a bit more complicated and yet as Michael Messner shows us in this provocative book no less effective In *Taking the Field* Messner argues that despite profound changes the world of sport largely retains and continues its longtime conservative role in gender relations To explore the current paradoxes of gender in sport Messner identifies and investigates three levels at which the center of sport is constructed the day to day practices of sport participants the structured rules and hierarchies of sport institutions and the dominant symbols and belief systems transmitted by the major sports media Using these insights he analyzes a moment of gender construction in the lives of four and five year old children at a soccer opening ceremony the way men's violence is expressed through sport the interplay of financial interests and dominant men's investment in maintaining the status quo in the face of recent challenges and the cultural imagery at the core of sport particularly televised sports Through these examinations Messner lays bare the practices and ideas that buttress as well as those that seek to disrupt the masculine center of sport *Taking the Field* exposes the subtle and not so subtle ways in which men and women collectively construct gender through their interactions interactions contextualized in the institutions and symbols of sport
