Handbook on the Science of Early Literacy Sonia Q. Cabell, Susan B. Neuman, Nicole Patton Terry, 2024-04-25

Synthesizing the best current knowledge about early literacy, this comprehensive handbook brings together leading researchers from multiple disciplines. The volume identifies the instructional methods and areas of focus shown to be most effective for promoting young children's PreK-2 growth in reading, writing, oral language and the connections among them. In 33 chapters, the Handbook covers conceptual foundations, development and instruction of both code and meaning-related literacy skills, professional development and family engagement supporting equity across populations and learning beyond traditional boundaries including digital and out-of-school contexts. Highlighted throughout are issues around access to high-quality instruction, working with multilingual populations and data-based decision making and interventions.

The Merchant's Polyglot Manual in Nine Languages ... Edward H. Michelsen, 1860

Understanding Multilingualism John W. Schwieter, Aline Ferreira, Li Wei, 2025-03-03

Including detailed discussions of both the current state and future directions of the field, this comprehensive textbook presents a complete overview of multilingualism. Written by internationally recognized researchers and educators, *Understanding Multilingualism: An Introduction* provides detailed coverage of the various dimensions of modern multilingualism. It highlights the interdisciplinary nature of the field by exploring the broad spectrum of different sociolinguistic, psycholinguistic and neurocognitive approaches to the study of multilingualism. The text begins by defining and clarifying the scope of multilingualism studies as a distinctive interdisciplinary field of inquiry. Subsequent chapters discuss the historical development and theoretical models of multilingualism, how the brain processes multiple languages, the effect of multilingualism on human cognition, how multilingual processing changes over the human lifespan, societal management of multilingualism, multilingual education and impact of technological advancement on multilingualism. The book concludes by addressing the prospect of a post-multilingual world and methodological issues in studying multilingualism. Considers the cognitive and linguistic implications of multilingualism to applied linguistics and language.
