

2. Familyhood

What is a family?

- A family is a group of people living together, usually related by blood marriage or adoption, it may or may not include children.
- Functions of a family
 - Support
 - Provide and protect
 - Educate and encourage
 - Care and love
 - Teach and train
 - Share RPT's
- Family types
 - Two of family: when one or both people in a couple, with children form a previous relationship, or marry or co-habit.

Advantages: Child has both role models

There may be more interaction

Her family may have a better quality of life

Disadvantages: Children may not bond with the step parent

sibling rivalry is common, especially amongst children of similar ages

Children may have limited access to their biological parents

- **Adapted family**: Parents/careers legally adopt a child/children. It is permanent

Advantages: It gives the children a family

It allows the children to enjoy a growth from the

It provides opportunities for children and for adults who are infertile

Disadvantages: Children have to adjust to new home and family

Children might not get to see birth parents

Others adopting younger children, when do you tell them their adopted?

- **Residential care home**: Children without families or with parents who for some reason are unable to look after children may live in these homes

Advantages: The child may have other people around them who have experienced the same situation & them, understanding what they're going through

There will be lots of support from the support from the people around them

They provide a better home environment than most parents have

Disadvantages: There isn't as much privacy with lots of people around

The child may not get along with everybody in the residential care home

- **Multi-family**: Parents and their children live together away from the rest of their family

Advantages: More privacy

Parent's can make their own decisions
