Design History Beyond the Canon Jennifer Kaufmann-Buhler, Victoria Rose Pass, Christopher Wilson, 2019-02-07 *Design History Beyond the Canon* subverts hierarchies of taste which have dominated traditional narratives of design history The book explores a diverse selection of objects spaces and media ranging from high design to mass produced and mass marketed objects as well as counter cultural and sub cultural material The authors research highlights the often marginalised role of gender and racial identity in the production and consumption of design the politics which underpins design practice and the role of designed objects as pathways of nostalgia and cultural memory While focused primarily on North American examples from the early 20th century onwards this collection also features essays examining European and Soviet design history as well as the influence of Asia and Africa on Western design practice The book is organised in three thematic sections Consumers Intermediaries and Designers The first section analyses a range of designed objects and spaces through the experiences and perspectives of users The second section considers intermediaries

from both technology and cultural industries as well as the hidden labour within the design process itself The final section focuses on designers from multiple design disciplines including high fashion industrial design interior design graphic design and design history pedagogy The essays in all three sections utilise different research methods and a wide range of theoretical approaches including feminist theory critical race theory spatial theory material culture studies science and technology studies and art history Design History Beyond the Canon brings together the most recent research which stretches beyond the traditional canon and looks to interdisciplinary methodologies to better understand the practice and consumption of design Television Program Master Index Charles V. Dintrone, 2014-02-11 This work indexes books dissertations and journal articles that mention television shows Memoirs autobiographies biographies and some popular works meant for fans are also indexed The major focus is on service to researchers in the history of television Listings are keyed to an annotated bibliography Appendices include a list of websites an index of groups or classes of people on television and a list of programs by genre Changes from the second edition include more than 300 new shows airing on a wider variety of networks 2000 plus references more than double the second edition and a large increase in scholarly articles The book provides access to materials on almost 2300 shows including groundbreaking ones like All in the Family almost 200 entries cult favorites like Buffy The Vampire Slayer 200 plus entries and a classic franchise Star Trek more than 400 entries for all the shows The shows covered range from the late 1940s to 2010 The Walking Dead References range from 1956 to 2013

Making Patton Nicholas Evan Sarantakes, 2012-09-26 Forever known for its blazing cinematic image of General George S Patton portrayed by George C Scott addressing his troops in front of a mammoth American flag Patton won seven Oscars in 1971 including those for Best Picture and Best Actor In doing so it beat out a much ballyhooed M A S H irreverent darling of the critics and grossed 60 million despite an intense anti war climate But as Nicholas Evan Sarantakes reveals it was a film that almost didn't get made Sarantakes offers an engaging and richly detailed production history of what became a critically acclaimed box office hit He takes readers behind the scenes even long before any scenes were ever conceived to recount the trials and tribulations that attended the epic efforts of producer Frank McCarthy like Patton a U S Army general and Twentieth Century Fox to finally bring Patton to the screen after eighteen years of planning Sarantakes recounts how filmmakers had to overcome the reluctance of Patton's family copyright issues with biographers competing efforts for a biopic and Department of Defense red tape He chronicles the long search for a leading man including discussions with Burt Lancaster John Wayne and even Ronald Reagan before settling on Scott a brilliant actor who brought to the part both enthusiasm for the project and identification with Patton's passionate persona He also tracks the struggles to shoot the movie with a large multinational cast huge outlays for military equipment and filming in six countries over a mere six months And he provides revealing insider stories concerning for example Scott's legendary drinking bouts and the origins of and debate over his famous opening monologue Drawing on extensive research in the papers of Frank McCarthy and director Franklin

Schaffner studio archives records of the Academy of Motion Picture Arts and Sciences contemporary journalism and oral histories Sarantakes ultimately shows us that Patton is more than just one of the best war films ever made Culturally it also spoke to national ideals while exposing complex truths about power in the mid twentieth century **TV Guide** ,2005

The Dragons' Den Guide to Assessing Your Business Concept John Vyge,2012-07-25 How to assess your business concept s potential to win customers The Dragons Den Guide to Assessing Your Business Concept is designed to help entrepreneurs assess whether they actually have a market for their business concept Before anyone invests valuable time and resources to a slow growth or no growth business idea this step by step approach will allow entrepreneurs to test an idea in an unflinching reality based way Case studies sourced from Canada and the US and stories from entrepreneurs who appeared on the Dragons Den TV show where entrepreneurs pitch their ideas to millionaires willing to invest their cash will illustrate the key ideas and themes Helps entrepreneurs face reality before they let their dreams lead them into a losing battle for market share Encourages readers to focus heavily on assessing their market first before they invest valuable time and resources in a slow growth or no growth business idea Prepare yourself to do battle in a difficult marketplace Assess your potential customers and measure your concept against reality The Dragon s Den Guide shows you the way The Home Health Pocket Guide to Oasis Melinda A. Gaboury,2008 *Spreading Misandry* Paul Nathanson,Katherine K. Young,2001 Paul Nathanson and Katherine Young argue that men have routinely been portrayed as evil inadequate or as honorary women in popular culture since the 1990s These stereotypes are profoundly disturbing the authors argue for they both reflect and create a hatred and thus further fracture an already fractured society In *Spreading Misandry* they show that creating a workable society in the twenty first century requires us to rethink feminist and other assumptions about men The first in an eventual three part series *Spreading Misandry* offers an impressive array of evidence from everyday life case studies from movies television programs novels comic strips and even greeting cards to identify a phenomenon that is just now being recognised as a serious cultural problem Discussing misandry the sexist counterpart of misogyny the authors make clear that this form of hatred must not be confused with reverse sexism or anger and should neither be trivialised nor excused They break new ground by discussing misandry in moral terms rather than purely psychological or sociological ones and refer critically not only to feminism but to political ideologies on both the left and the right They also illuminate the larger context of this problem showing that it reflects the enduring conflict between the Enlightenment and romanticism inherent flaws in postmodernism and the dualistic us versus them mentality that has influenced Western thought since ancient times A groundbreaking study *Spreading Misandry* raises serious questions about justice and identity in an increasingly polarised society It is important for anyone in interested in ethics gender popular culture or are just concerned about the society we are creating *Spreading Misandry* does make a convincing argument that since the 1990s Men have become society s official scapegoats and held responsible for all evil Women are society s official victims and held responsible

for all good Independent on Sunday 4 August 2002 *An Analytical Guide to Television's Battlestar Galactica* John Kenneth Muir, 2015-09-15 When the space drama Battlestar Galactica debuted on ABC in 1978 it was expected to be the most popular new program of the year. Instead it was attacked as a Star Wars rip off and canceled after a mere 17 stories. The author acknowledges the show was full of dramatic clichés and scientific inaccuracies but despite these shortcomings Battlestar Galactica was a dramatically resonant series full of unique and individual characters such as Commander Adama, Lorne Greene, and ace warrior Captain Apollo. Richard Hatch. The author contends that Battlestar Galactica was a memorable attempt to make science fiction accessible to mainstream television audiences. The brilliant work of artist John Dykstra brought a new world of special effects to network television. Battlestar Galactica also skillfully exploited legends and names from both the Bible and ancient mythology which added a layer of depth and maturity to the weekly drama. *Friends* ,
