Bewildered Diro sadly concludes that the amorous valence he thought bonded them together was perhaps nothing more for Harlowe than an epic one night stand Months later plagued by a recurring cryptic text message Diro becomes convinced it's from Harlowe Decoding the message he surmises she might be in danger and relying only on other similarly flimsy hunches he launches a quixotic odyssey to find Harlowe Something Diro calls The Dirac Effect drives almost every aspect of his quest which is compounded by the erratic appearance of a ghostly vision that he believes he saw first on the night they met When Diro learns that a very small number of Southern California residents also see this apparition he wonders if the elusive Harlowe experiences it as well As Diro's search for Harlowe deepens other puzzling riddles emerge that connect to the perplexing apparition Of course the most important answers he seeks are who is the mysterious Harlowe why did she disappear and how can he find her In pursuit of these answers Diro encounters an enigmatic stranger who gives him an arcane artifact What is that artifact's purpose Has that stranger also intervened in Harlowe's life Beyond these questions lie other mysteries that surreptitiously affect the destinies of Diro and Harlowe and enmesh both of them in a disturbing network of conspiracies intent on radically changing the entire fabric of human life
