

## Kennedy and the Cold War

President Kennedy came into office pledged to carry on the Cold War vigorously, but he also hoped for accommodation and was reluctant to commit American power. During his first year-and-a-half in office, he rejected American intervention after the CIA-aided Cuban exile invasion at the Bay of Pigs failed, effectively ended the land-based Southeast Asian nation of Laos to Communist control, and acquiesced in the building of the Berlin Wall. Kennedy's decisions reinforced impressions of weakness that Soviet Premier Nikita Khrushchev had formed in their only personal meeting, a summit meeting at Vienna in June 1961.

It was against this backdrop that Kennedy faced the most serious event of the Cold War, the Cuban missile crisis.

In the fall of 1962, the administration learned that the Soviet Union was secretly installing offensive nuclear missiles in Cuba. After considering different options, Kennedy decided as a guarantee to prevent Soviet ships from bringing additional supplies to Cuba. He demanded publicly that the Soviets remove the weapons and warned that an attack from that island would bring retaliation against the USSR. After several days of tension, during which the world was closer than ever before to nuclear war, the Soviets agreed to remove the missiles. Critics charged that Kennedy had missed nuclear disaster when quiet diplomacy might have been effective. But most Americans and much of the non-Communist world applauded his decisions. The missile crisis made him for the first time the acknowledged leader of the democratic West.

In retrospect, the Cuban missile crisis marked a turning point in U.S.-Soviet relations. Both sides saw the need to diffuse tensions that could lead to direct

military conflict. The following year, the United States, the Soviet Union, and Great Britain signed a landmark Limited Test Ban Treaty prohibiting nuclear weapons tests in the atmosphere.

Indochina (Vietnam, Laos, Cambodia), a French possession before World War II, was still another Cold War battlefield. The French effort to recover colonial control there was opposed by Ho Chi Minh, a Vietnamese Communist, whose Viet Minh movement engaged in a guerrilla war with the French army.

Both Truman and Eisenhower sought to maintain French support for the policy of containment in Europe, provided France with economic aid that freed resources for the struggle in Vietnam. But the French suffered a decisive defeat at Dien Bien Phu in May 1954. At an international conference in Geneva, Laos and Cambodia were given their independence. Vietnam was divided, with Ho in power in the North and Ngo Dinh Diem, a Roman Catholic anti-Communist in a largely Buddhist population, heading the government in the South. Elections were to be held two years later to unify the country. Perceiving that the fall of Vietnam could lead to the fall of Burma, Thailand, and Indonesia, Eisenhower backed Diem's refusal to hold elections in 1956 and effectively established South Vietnam as an American client state.

Kennedy increased assistance, and sent small numbers of military advisors, but a new guerrilla struggle between North and South continued. Diem's popularity grew and the military situation worsened. In late 1963, Kennedy secretly authorized a coup d'état. To the president's surprise, Diem and his powerful brother-in-law, Ngo Dinh Nhu, were killed. It was at this juncture that Kennedy's presidency ended three weeks later.

**1865 TO THE PRESENT A UNITED STATES HISTORY FOR HIGH SCHOOLS**, 1865 *Overblown* John E. Mueller, 2006 Why have there been no terrorist attacks in the United States since 9 11 It is ridiculously easy for a single person with a bomb filled backpack or a single explosives laden automobile to launch an attack So why hasn t it happened The answer is surely not the Department of Homeland Security which cannot stop terrorists from entering the country legally or otherwise It is surely not the Iraq war which has stoked the hatred of Muslim extremists around the world and wasted

many thousands of lives Terrorist attacks have been regular events for many years usually killing handfuls of people occasionally more than that Is it possible that there is a simple explanation for the peaceful American home front Is it possible that there are no al Qaeda terrorists here Is it possible that the war on terror has been a radical overreaction to a rare event Consider 80 000 Arab and Muslim immigrants have been subjected to fingerprinting and registration and more than 5 000 foreign nationals have been imprisoned yet there has not been a single conviction for a terrorist crime in America A handful of plots some deadly some intercepted have plagued Europe and elsewhere and even so the death toll has been modest Much probably most of the money and effort expended on counterterrorism since 2001 and before for that matter has been wasted The terrorism industry and its allies in the White House and Congress have preyed on our fears and caused enormous damage It is time to rethink the entire enterprise and spend much smaller amounts on only those things that do matter intelligence law enforcement and disruption of radical groups overseas Above all it is time to stop playing into the terrorists hands by fear mongering and helping spread terror its

Enein s career has been the mission to introduce America s military leaders to Arabic works of military significance Just like  
American military leaders who had an obsession for all things Russian during the Cold War in order to understand the  
Soviets the war on al Qaida and the complex nuances of the Arab Spring demand a deeper comprehension of the Middle East  
from direct sources The memoirs of General Mohamed Fawzi Egyptian War Minister from 1967 to 1971 were first published  
in 1984 but his work has not been translated and remains undiscovered by English speaking readers Many in the United  
States Armed Services have yet to be introduced to his ideas perspectives and the seeds by which the 1973 Yom Kippur War  
were laid In this new contribution to his series of essays written for Infantry Journal Aboul Enein has determined to bring to  
life the military thoughts of this Arab War Minister This book is a joint Infantry Naval Institute Press project that has  
condensed the entire collection of essays on Fawzi to a single volume to provide future generations of America s military  
leaders with access his ideas Fawzi is unique among Arab generals for his scathing critique of his own armed forces and from  
his critical examination of what went wrong in 1967 he was able to slowly resurrect the Egyptian Armed Forces to a level  
that enabled Sadat to consider an offensive in 1973 This Egyptian general will provide insights into the level of Soviet  
cooperation and military aid provided Egypt after the 1967 Six Day War known simply in Arabic by one word al Naksah the  
setback not to be confused with the 1948 Arab Israeli War known by one word al Nakbah the catastrophe While Fawzi lapses  
into conspiracy indulges in wishful thinking and employs the language of pan Arabism on occasion much like Soviet military

theorists couched their ideas in Marxist Leninist rhetoric this will not stop serious American students of war from recognizing his brilliance about the lessons learned from the crushing defeat of Egyptian arms in the 1967 Six Day War
