 Units is the 10th study in the Combat Studies Institute CSI Global War on Terrorism GWOT Occasional Paper series This
 work is an outgrowth of concerns identified by the authors of On Point The United States Army in Operation IRAQI
 FREEDOM Specifically these authors called into question the use of long range surveillance LRS assets by commanders
 during that campaign and suggested an assessment ought to be made about their continuing utility and means of
 employment This revision contains some important additional information the author received after this book was originally
 published Major Retired James Gebhardt of CSI researched and wrote this Occasional Paper with that end in view In this
 study Gebhardt surveys the US Army s historical experience with LRRP and LRS units from the 1960s Cold War and Vietnam
 War through their resurgence in the 1980s and use in Operations JUST CAUSE and DESERT STORM to the advent of the
 GWOT The paper s analytical framework examines each era of LRS units in terms of doctrine organization training materiel
 leadership and personnel In doing so the author makes a strong case for continuing the LRS capability in the Army s force
 structure The variety of environments and enemies likely to be faced by the military in the GWOT continues to demand the
 unique human intelligence abilities of trained and organized LRS units As the Army leads the Armed Forces of the United
 States in combating terrorists where they live the lessons found in this survey remain timely and relevant **Armor** ,2011
