Raising Musical Kids Robert A. Cutietta, 2013 Does music make kids smarter At what age should a child begin music lessons Where should you purchase an instrument What should parents expect from a child s teachers and lessons How can you get kids to practice Raising Musical Kids answers these and many other questions as it guides parents through everything from assembling a listening library for kids to matching a child s personality with an instrument s personality to finding musical resources in your community Knowing that children can and often do get most of their music education from their school parent and educator Robert Cutietta explores the features and benefits of elementary and secondary school programs and shows how parents can work with the schools to provide the best possible music program Throughout the book Cutietta emphasizes the joy of participating in music for its own sake The first edition of Raising Musical Kids delighted and informed parents to equal degrees and this fully revised second edition is a book that parents everywhere will treasure as a complete road map for developing their child s musical abilities

*Giving Our Children a Fighting Chance* Susan B. Neuman, Donna C. Celano, 2015-04-25 This is a compelling eye opening portrait of two communities in Philadelphia with drastically different economic resources Over the course of their 10 year investigation the authors of this important new work came to understand that this disparity between affluence and poverty has created a knowledge gap far more important than mere achievement scores with serious implications for students economic prosperity and social mobility At the heart of this knowledge gap is the limited ability of students from poor communities to develop information capital

This moving book takes you into the communities in question to meet the students and their families and by doing so provides powerful insights into the role that literacy can play in giving low income students a fighting chance Important reading for a wide audience of educators policymakers school reformers and community activists Giving Our Children a Fighting Chance Documents how inequalities begin early and are reinforced by geographic concentration Compares community libraries to see how print is used in each neighborhood and how children develop as young readers Looks at patterns that create radical differences in experiences and attitudes toward learning prior to entering school Explores the function of technology as a tool that exacerbates the divide between affluent students and those with limited access to information Provides a comprehensive analysis of community literacy documenting the transformation of media habits from books to computers Concludes with a look inside schools to answer questions about what schools can do to overcome this complex unequal playing field Susan B Neuman is a professor of Educational Studies at the University of Michigan and has served as the U S Assistant Secretary for Elementary and Secondary Education Her books include Changing the Odds for Children at Risk Donna C Celano is assistant professor of Communication at La Salle University in Philadelphia Giving Our Children a Fighting Chance depicts a stark reality the enormous and growing divide in literacy and reading skill development between children growing up in poverty and children from the middle and upper classes and the social and economic ramifications This book should be required reading not just for those in the education and policy fields but for anyone who cares about the lives of children and the health of our society Kyle Zimmer President and CEO First Book By walking the streets riding the buses and taking the subways Celano and Neuman give us a groundbreaking and sobering look at print and education technology resources in two neighborhoods one wealthy and one poor The result is a must read eye opener for anyone who cares about equal opportunity The stuff of learning is essential but insufficient Only with close teacher parent and student to student coaching can better print and technology resources make a difference Eugenia Kemble Executive Director Albert Shanker Institute The authors of this text make you CARE about these communities and children They provide insights about how we must focus on literacy in order to make a real difference in the lives of students This is one of the most comprehensive analyses to date of community literacy documenting the transformation of media habits from books to computers Linda B Gambrell Distinguished Professor of Education Clemson University

[Navigating Music and Sound Education](#) Julie Ballantyne, Brydie-Leigh Bartleet, 2010-01-08 Navigating Music and Sound Education has been specifically written for pre service teachers who are studying music education curriculum or pedagogy subjects It features the voices of leading international academics in the field to illuminate issues of importance in preparing pre service teacher education students The engaging examples provided in each chapter are drawn from real life educational settings and enable readers to critically explore the perspectives presented by the authors and consider the application of such perspectives in their future practice

**Recent Advances in Assistive Technologies to Support Children with Developmental Disorders** Sifton, Nava R., 2015-05-31 The greatest

advantage of modern technology is its ability to improve the lives of all. In particular, new technologies have the potential to greatly mitigate cognitive, motor, and social impairments stemming from genetic or environmental factors. Recent Advances in Assistive Technologies to Support Children with Developmental Disorders raises awareness of disabled children and what can be done to help them grow and develop alongside their peers. Bringing together personal experiences with academic investigation, this book is an essential reference for doctors, pediatricians, pre- and primary school educators, and scientists working to enhance the impact assistive technologies have on the youngest members of society.

*When Music Goes to School* Danette Littleton, 2015-09-04. Experts in child psychology and pedagogy concur that how children are schooled today seriously conflicts with how they learn and develop. Children are being left behind, and the promises and possibilities of childhood are slipping away. This book aims to disclose a deeper understanding of music's importance in children's lives and their need to know, explore, wonder, and play. Directed toward music teachers, teacher educators, and scholars, this text invites inquiries and provides insights into contemporary challenges to learning and teaching in an era of standardization. A compendium of essays, classroom voices, and vignettes is supported by relevant research in music education and companion disciplines in psychology, philosophy, and sociology. Storytelling with scholarship contributes authenticity and strengthens the premise of this book.
