|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|
| 1. Follow the instructions in Appendix B in the Holt Physics textbook to download the SOP program to your TI-83/84 calculator.                                                                                 |                                                                                       |
| 2. Press the <b>PRGM</b> key and arrow down, <b>▾</b> , (or to move quickly to the programs beginning with "S," press <b>ALPHA(S)</b> ) to the SOP program.                                                    |    |
| 3. Press <b>ENTER</b> twice.                                                                                                                                                                                   |    |
| 4. Press <b>ENTER</b> to view a graph of mass (in grams) vs. length (in cm) for three different wires. Each of the wires has a diameter of 0.50 cm. Notice that the mass of a 5-cm length of wire 1 is 8.80 g. |    |
| 5. Press the <b>▸</b> and <b>▾</b> arrow keys to change the length of wire 1. Notice the equation being traced is displayed in the upper left corner of the screen.                                            |   |
| 6. Press the <b>▸</b> and <b>▾</b> arrow keys to move from one wire to another. Notice the upper line corresponds to wire 3. Wire 3 has a greater mass than wire 2 at the same length.                         |  |
