Josh Has a Wish

Read the passage 3 times and then answer the questions.

Josh has a wish to buy a pet fish. He puts his cash in his bag, and he puts a leash on Ash. They rush to the shop and nearly trip over some trash. The shop has so many fish, and they all go splash, splash, splash. Josh pays for a fish and runs home with Ash.

1. What is Josh's wish?

2. Who might Ash be?

3. What did they nearly trip over?

First Grade Level Interesting Passage:

Leveled Reading, Leveled Lives Timothy Shanahan, 2025-07-28 An engaging and evidence based examination of how reading instruction has been misinterpreted and misapplied for decades and how to right the course to improve reading skills for all students In Leveled Reading Leveled Lives leading literacy expert Timothy Shanahan curates a lively tour of the history of reading instruction in the United States arguing that the most popular reading instruction method is failing students and suppressing their literacy achievement He breaks down the reasons why teachers and researchers alike have favored this accepted wisdom known as instructional level theory in US schools over the past five decades and presents a compelling case for a new way forward that will bolster students reading skills Today it s not uncommon to find students in a fourth grade classroom reading books suitable for third second or even first graders Teachers suggest books to students at their deemed instructional levels but how these instructional levels are determined is suspect With a comprehensive critical analysis of instructional level pedagogy Shanahan exposes its shaky foundations and shows how faulty research findings have become so entrenched He gathers an extensive body of research studies that overwhelmingly contradict the instructional level theory and offers an evidence based consideration of how educators must instead use grade level reading to bring about maximum learning gains This seminal book concludes with practical advice for implementing grade level reading instruction including detailed descriptions of the types of instruction and scaffolding needed to increase students reading achievement from teaching decoding and challenging texts to scaffolding reading to maintaining motivation Shanahan asserts that a better approach can ensure that all students have an opportunity to leave high school with reading abilities commensurate with their personal social civic and economic goals

Cognition, Metacognition, and Reading Donna-Lynn Forrest-Pressley, T. Gary Waller, 2013-03-12 We had our first conversation about cognition metacognition and reading in September of 1976 Our particular concern was with reading and learning to read and what if anything meta cognition might have to do with it all We didn t really know much about metacognition then of course but then most other people were in the same predicament Some people had been working with interesting approaches and results on metalanguage and reading among them J Downing L Ehri L Gleitman 1 Mattingly and E Ryan and it also was about that time that people were becoming aware of E Markman s first studies of comprehension monitoring Other than that perhaps the most influential item around was the perhaps already classic monograph by Kruetzer Leonard and Flavell on

what children know about their own memory Also in the air at that time were things like A Brown s notions about knowing knowing about know ing and knowing how to know D Meichenbaum s ideas about cognitive behavior modification and the work by A Brown and S Smiley on the awareness of important units in text Even though these developments were cited as new and innovative it was not the case that psychologists had never before been of questions They certainly interested in or concerned with metacognitive sorts had as clearly evidenced by the notion of metaplans in Miller Galanter and Pribram s Plans and the Structure of Behavior

Children's Reading Comprehension and Assessment Scott G. Paris, Steven A. Stahl, 2005-03-23 Originating in a recent CIERA conference held at the University of Michigan this book brings together the nation s most distinguished researchers to examine how readers understand text and how comprehension is assessed The first part provides both national and historical contexts for the study of reading comprehension The second part examines how vocabulary motivation and expertise influence comprehension and it includes analyses of the developmental course and correlates of comprehension Chapters in the third part consider how schools focus on comprehension for instruction and assessment The fourth part includes chapters on large scale assessment that analyze how test formats and psychometric characteristics influence measures of reading comprehension At the end of each part is a commentary written by an expert that reviews the chapters critiques the main points and synthesizes critical issues Key features of this outstanding new book include Integration of Research and Practice provides a bridge between conceptual issues studied by researchers concerned with reading comprehension theories and practical issues addressed by educators concerned with classroom instruction and assessment Comprehension Focus provides a thorough history and rigorous research based analyses of reading comprehension Assessment Focus provides innovative approaches to comprehension assessment that include the influences of vocabulary decoding and motivation Synthetic Commentaries provides periodic summaries that analyze and synthesize research practices and issues discussed in each part Expertise contributing authors and commentators are highly respected authorities on reading comprehension see table of contents This text is appropriate for educational and psychological researchers reading educators and graduate students in education and psychology It is part of the CIERA series which includes the following volumes Taylor and Pearson Teaching Reading Effective Schools Accomplished Teachers 2002 Van Kleeck Stahl and Bauer On Reading Books to Children Parents and Teachers 2003 Hoffman and Schallert The Texts in Elementary Classrooms 2005
