In Defense of a Liberal Education Fareed Zakaria, 2015-03-30 CNN host and best selling author Fareed Zakaria argues
for a renewed commitment to the world's most valuable educational tradition The liberal arts are under attack The governors
of Florida Texas and North Carolina have all pledged that they will not spend taxpayer money subsidizing the liberal arts and
they seem to have an unlikely ally in President Obama While at a General Electric plant in early 2014 Obama remarked I
promise you folks can make a lot more potentially with skilled manufacturing or the trades than they might with an art
history degree These messages are hitting home majors like English and history once very popular and highly respected are
in steep decline I get it writes Fareed Zakaria recalling the atmosphere in India where he grew up which was even more
obsessed with getting a skills based education However the CNN host and best selling author explains why this widely held
view is mistaken and shortsighted Zakaria eloquently expounds on the virtues of a liberal arts education how to write clearly
how to express yourself convincingly and how to think analytically He turns our leaders vocational argument on its head
American routine manufacturing jobs continue to get automated or outsourced and specific vocational knowledge is often
outdated within a few years Engineering is a great profession but key value added skills you will also need are creativity
lateral thinking design communication storytelling and more than anything the ability to continually learn and enjoy learning
precisely the gifts of a liberal education Zakaria argues that technology is transforming education opening up access to the
best courses and classes in a vast variety of subjects for millions around the world We are at the dawn of the greatest
expansion of the idea of a liberal education in human history **The Annual American Catalogue ...** , 1900 The
