Section A—Reading Test (Seen passage)

Read the text carefully and answer the questions 1, 2 and 3:—

Nakshi Kantha is a kind of embroidered quilt. The name was taken from the Bengali word, 'naksha' which means artistic pattern. It is a kind of traditional craft and is said to be indigenous to Bangladesh and West Bengal in India. The art has been practised in rural Bengal for centuries. The name 'Nakshi Kantha' became popular after the poet Jasimuddin's poem 'Nakshi Kanthar Math' was published in 1929.

Traditional Kanthas are made for family use. Old or new cloth and thread are used to make these quilts. Mymensingh, Jamalpur, Rajshahi, Faridpur, Bogra and Jessore are most famous for this craft. Now, it is produced commercially. You can find them in many expensive handicraft shops in cities. The quilts are now in great demand because of the colourful patterns and designs embroidered on them.

Competitiveness Creation and Maintenance in the Postal Services Industry Vaida

Pilinkienė, Vilma Deltuvaitė, Asta Daunorienė, Vaidas Gaidelys, 2016-07-01 This book examines the changing business and economic environment for postal services in Lithuania and the upcoming challenges for this industry Postal services continue to play a central part in the development of national economies However the economic and social role of postal services has changed rapidly and fundamentally over the last two decades In most industrialized countries paper based communications are in serious decline while the demand for parcel delivery services is rising steadily with the continuing development of e-commerce just in time production techniques and global supply chains For the postal sector as a whole the centre of gravity has shifted dramatically from letters and documents to parcels The authors explain how the organizational paradigm has inexorably shifted from that of a national government owned postal administration providing the basic delivery services required by society to a system of interdependent local and regional undertakings that both compete and cooperate with one another The book argues that there are no indications that the postal sector has stopped changing and that it seems most probable that the European Union's postal sector will look quite different in 2035 than it does today In closing the book explains how the shareholders of postal services companies have recently confirmed that the time has come to rethink the strategy of creating and maintaining competitiveness in the postal services industry

The Performance of Africa's International Courts James Thuo Gathii, 2020-11-26 The performance of international courts has traditionally been judged against criteria of compliance and effectiveness Whilst these are clearly desirable objectives for litigants before Africa's international courts

this book shows that we must look beyond these criteria to fully appreciate the impact of these courts This book shows how litigants use their participation in international litigation to achieve other objectives to amplify political disputes with their governments to build their movement to educate the public about their cause and to challenge the status quo Chapters in this collection show how these courts act as coordination points for opposition political parties to name and shame dominant parties for violation of their organizational rights Others demonstrate how Africa s international courts serve as transitional justice mechanisms in which truth telling about ongoing conflict and authoritarian governance receives significant attention This attention serves as a platform to galvanize resistance against continued authoritarian rule especially from outside the conflict countries Ultimately the book shows that these courts must be judged against new and broader criteria and understood as increasingly important venues for waging political social environmental and legal struggles *Staff Oil Pipeline Handbook* ,1992 *Privatisation of Migration Control* Austin Sarat,2021-09-27 This special issue is the second of a two part edited collection on the privatisation of migration The central thrust of the special issue is a critical analysis of modern day manifestations of private participation in immigration control
