The Medical Age ,1883 **Drug Dealer, MD** Anna Lembke,2016-11-15 The disturbing connection between well meaning physicians and the prescription drug epidemic Three out of four people addicted to heroin probably started on a prescription opioid according to the director of the Centers for Disease Control and Prevention In the United States alone 16 000 people die each year as a result of prescription opioid overdose But perhaps the most frightening aspect of the prescription drug epidemic is that it s built on well meaning doctors treating patients with real problems In Drug Dealer MD

Dr Anna Lembke uncovers the unseen forces driving opioid addiction nationwide Combining case studies from her own practice with vital statistics drawn from public policy cultural anthropology and neuroscience she explores the complex relationship between doctors and patients the science of addiction and the barriers to successfully addressing drug dependence and addiction Even when addiction is recognized by doctors and their patients she argues many doctors don t know how to treat it connections to treatment are lacking and insurance companies won t pay for rehab Full of extensive interviews with health care providers pharmacists social workers hospital administrators insurance company executives journalists economists advocates and patients and their families Drug Dealer MD is for anyone whose life has been touched in some way by addiction to prescription drugs Dr Lembke gives voice to the millions of Americans struggling with prescription drugs while singling out the real culprits behind the rise in opioid addiction cultural narratives that promote pills as quick fixes pharmaceutical corporations in cahoots with organized medicine and a new medical bureaucracy focused on the bottom line that favors pills procedures and patient satisfaction over wellness Dr Lembke concludes that the prescription drug epidemic is a symptom of a faltering health care system the solution for which lies in rethinking how health care is delivered "The" Athenaeum James-Silk Buckingham,1841 St. Nicholas Mary Mapes Dodge,1913 St. Nicholas ,1913 st. nicholas: an illurtated magazine for young forks ,1913 The Lancet London ,1853
