The Scriptorium and Library at Monte Cassino, 1058-1105 Francis Newton,1999-04-29 In all the history of hand

written books one of the most distinctive and handsome scripts is that of the abbey of Monte Cassino This study examines for the first time in detail the development of this script during the Abbey s greatest period of wealth and influence under Desiderius abbot 1058 1087 and his successor Oderisius abbot 1087 1105 The characteristic Cassinese hand was established long before but in this period it was transformed into what is today considered its classic form The present study rests on a fresh examination of many details of the Beneventan South Italian script in aspects incompletely studied before It aims to provide a new history of Monte Cassino as a writing centre and to offer a context for many unique or valuable texts manuscripts that it processed

Sexuality and Islamic Spirituality in Early Malay Writings Maznah Mohamad, Syahirah Rasheed, 2025-07-24 It is argued here that before the extensive formalization of sharia laws from the late nineteenth century onwards Islam was prominently influenced by elements of enchantment and mysticism mirrored in its textual portrayal of passionate and sexual relations This book s analysis is based on Malay manuscripts and texts about the body sex and sexuality These include religious guidebooks on sexual techniques and etiquette of which some are translated from the original Arabic or Persian but almost all of which have been adapted for local Malay relevance Also analyzed are collections of Malay erotic poetry from the sixteenth to nineteenth centuries and the only known female authored early twentieth century text on sex and women s sexual pleasure Over the centuries changing sexual norms and attitudes in the Malay world has disengaged sex and sexuality from being a crucial component of faith and spirituality gradually receding into the discreet margins of contemporary discourse on gender relations

A LANDSAT Study of Ephemeral and Perennial Rangeland Vegetation and Soils, 1977 **California Crucible** Jonathan Bell, 2011-12-30 In the three decades following World War II the Golden State was not only the fastest growing state in the Union but also the site of significant political change From the late 1940s through the mid 1970s a generation of liberal activists transformed the political landscape of California ending Republican dominance of state politics and eventually setting the tone for the Democratic Party nationwide In *California Crucible* Jonathan Bell chronicles this dramatic story of postwar liberalism from early grassroots organizing and the election of Pat Brown as governor in 1958 to the civil rights campaigns of the 1960s and the campaigns against the New Right in the 1970s As Bell argues the emergent California liberalism was a distinctly post New Deal phenomenon that drew on the ambitious ideals of the New Deal but adapted them to a diverse population The result was a broad coalition that sought to extend social democracy to marginalized groups such as gay rights and civil rights organizations that had not been well served by the Democratic Party in earlier decades In building this coalition liberal activists forged an ideology capable of bringing Latino farm workers African American civil rights activists and wealthy suburban homemakers into a shared political project By exploring California Democrats largely successful attempts to link economic rights to civil rights and serve the needs of diverse groups Bell challenges common assumptions about the rise of the New Right and the decline of American liberalism in the postwar era As Bell shows by the end of the 1970s California had become the spiritual home of the

Cooper,Andrea Denny-Brown,2016-12-05 The Arma Christi the cluster of objects associated with Christ s Passion was one of the most familiar iconographic devices of European medieval and early modern culture From the weapons used to torment and sacrifice the body of Christ sprang a reliquary tradition that produced active and contemplative devotional practices complex literary narratives intense lyric poems striking visual images and innovative architectural ornament This collection displays the fascinating range of intellectual possibilities generated by representations of these medieval objects and through the interdisciplinary collaboration of its contributors produces a fresh view of the multiple intersections of the spiritual and the material in the Middle Ages and Renaissance It also includes a new and authoritative critical edition of the Middle English Arma Christi poem known as O Vernicle that takes account of all twenty surviving manuscripts The book opens with a substantial introduction that surveys previous scholarship and situates the Arma in their historical and aesthetic contexts The ten essays that follow explore representative examples of the instruments of the Passion across a broad swath of history from some of their earliest formulations in late antiquity to their reformulations in early modern Europe Together they offer the

first large scale attempt to understand the arma Christi as a unique cultural phenomenon of its own one that resonated across centuries in multiple languages genres and media The collection directs particular attention to this array of implements as an example of the potency afforded material objects in medieval and early modern culture from the glittering nails of the Old English poem Elene to the coins of the Middle English poem Sir Penny from garments and dice on Irish tomb sculptures to lanterns and ladders in Hieronymus Bosch s panel painting of St Christopher and from the altar of the Sistine Chapel to the printed prayer books of the Reformation A History of Eastern Christianity Aziz S. Atiya,2023-03-08 A History of Eastern Christianity 1968 is a scholarly and comprehensive account of the history of the non Greek churches of Eastern Christendom Alexandrine and Antiochian Christianity with their ramifications in Africa and Asia are the subjects of an overall survey that ranges from their origins to modern times The author deals with every Eastern Church Coptic Ethiopian Jacobite Nestorian Armenian Indian and Maronite as well as the vanished churches of Nubia and North Africa He gives a preliminary outline of each church followed by an analytical summary of the faith and culture He deals not only with the hierarchy rites ceremonies and monastic rule but also with music art architecture and literature Medical Books and Serials in Print R.
