with ActiveTeach

English in Common is a six-level, integrated-skills course for adult and young adult learners based on CEFR standards and learner outcomes.

Finding direction and purpose

English in Common motivates learners through Can Do objectives which give direction and purpose, ensuring learners know what they are learning, why they are learning it, and how they will be able to use it in language outside of the classroom.

Engaging learners' interest

English in Common engages learners' interest by offering a new twist to familiar topics – topics that reflect students' needs and interests. This ensures that students will always have something to say about the content of the lesson.

Developing active learners

English in Common encourages active participation in learning by getting students to use their own knowledge as they observe structures in context to figure out language use and form independently.
