In Their Names Lenore Anderson, 2022-11-01 In Their Names busts open the public safety myth that uses victims rights to perpetuate mass incarceration and offers a formula for what would actually make us safe from the widely respected head of Alliance for Safety and Justice When twenty six year old recent college graduate Aswad Thomas was days away from starting a professional basketball career in 2009 he was shot

twice while buying juice at a convenience store The trauma left him in excruciating pain with mounting medical debt and struggling to cope with deep anxiety and fear That was the same year the national incarceration rate peaked Yet despite thousands of new tough on crime policies and billions of new dollars pumped into justice Aswad never received victim compensation support or even basic levels of concern In the name of victims justice bureaucracies ballooned while most victims remained on their own In *In Their Names* Lenore Anderson president of one of the nation's largest reform advocacy organizations offers a close look at how the political call to help victims in the 1980s morphed into a demand for bigger bureaucracies and more incarceration and cemented the long standing chasm that exists between most victims and the justice system She argues that the powerful myth that mass incarceration benefits victims obscures recognition of what most victims actually need including addressing trauma which is a leading cause of subsequent violent crime A solutions oriented paradigm shifting book *In Their Names* argues persuasively for closing the gap between our public safety systems and crime survivors
