The book is aimed at the general public that seeks to innovate, learn from lessons learned and establish a knowledge base in mechanisms that apply technology or management in tourism with the aim of improving the experience of all those involved in the business chain. This compendium aims to share all those great experiences and researches in the areas of Managements, Tourism Marketing strategies in Management, Tourism and Technology, Technology Applied, Computer Science, Artificial Intelligence, Business Administration, Cloud Computing, Educational Management, Finance, Insurance and Services Management, Health, Tourism, Human Resource Management, Information Systems, Planning and Management, Information Technologies in Tourism, Internet Technology, Knowledge Management, Management of Supply Chain and Logistics, Marketing Innovation, Robotics, Strategic Management, Innovation, Sustainability, Management, Technical Economy, Management, Technical Innovation and Management Technology in Tourism and Tourist Experience, Tourism Industry and Ecology, Tourism Management, a total of 77 research projects and many spaces and relationships between researchers to collaborate in the advancement of science are presented.

An International Handbook of Tourism Education David Airey, John Tribe, 2006-08-11 As tourism matures as an academic subject and the number of tourism higher education providers continues to expand world wide, there is an increasing interest in its educational aspects. At the same time, the development of research into education issues related to tourism means that there is now a developing literature on the subject. This international handbook offers a timely evaluation of the state of the art of tourism higher education. The book brings together expert contributors from around the world to present current thinking and practice about what is now a major element of education provision world wide. It is structured round four key themes: Curriculum, International perspective, Teaching, learning and assessment, Resources, progression and quality. Its global survey of tourism education offers a comprehensive basis for comparative review. In addition to setting out the development and current provision of tourism education, it also addresses cutting edge issues such as PhD education, non formal education, cultural issues in learning, research and teaching, e learning and e assessment. It offers practical advice for the design, delivery, evaluation and resourcing of courses and concludes with a reflective agenda of issues for the future.
