The Citizen's Share Joseph R. Blasi, Richard B. Freeman, Douglas L.

Kruse, 2013-11-26 In the largest study of profit sharing and employee ownership in years Joseph R Blasi Richard B Freeman

and Douglas L Kruse investigated dozens of large and medium sized companies across all sectors of the United States

economy The ten year effort involved nearly 50 000 employees and the findings were unequivocal when rank and file

employees not just top executives are given an ownership stake in their company the result is better worker engagement

more loyalty more innovation and drastically lower turnover The common notion that profit sharing creates a free rider

mentality among workers proves totally unfounded In The Citizen s Share Blasi Freeman and Kruse argue that the concept of

employee ownership has deep roots extending back to the political and economic vision of America s founders Thomas

Jefferson for example conceived of the Louisiana Purchase as a path that would lead to widespread economic independence
