Bibliotheca Sacra ,1892 *Living on the Edge: Embracing the Unexpected Journey* Alice Brown,2024-11-27 Life is rarely predictable Sometimes the path we envisioned for ourselves takes a sharp turn leading us down a road less traveled This book is a profound exploration of the power and beauty of embracing the unexpected journey It delves into the heart of resilience urging readers to face challenges with courage and curiosity transforming setbacks into opportunities for growth and self discovery Through compelling stories and insightful reflections this book offers a powerful framework for navigating the unpredictable nature of life It encourages readers to shed the fear of the unknown and embrace the thrill of venturing into uncharted territory It reminds us that our greatest triumphs often emerge from the unexpected detours we encounter along the way With a blend of practical wisdom and inspiring anecdotes this book provides a roadmap for embracing the exhilarating ride of living on the edge It invites readers to shift their perspective from focusing on what they ve lost to recognizing the immense potential that lies within the unknown By letting go of rigid expectations and embracing the inherent uncertainty of life we unlock a world of possibilities fostering personal growth and enriching our overall experience This book is a transformative journey for anyone seeking to navigate the complexities of life with grace resilience and an open heart **The Nonviolent Coming of God** James W. Douglass,2006-04-01 In this his most eloquent and far reaching book James Douglass explores the haunting parallels between the situation of Jesus and our situation today Jesus who lived in anticipation of the impending destruction of Jerusalem by the Romans and suffered from this vision called urgently for a radical conversion to avert the tragedy The choice then as now was between nonviolence and nonexistence This choice is even more stark in the nuclear age Whether describing the visions of Gandhi Martin Luther King Jr Archbishop Romero or the witness of his own community against the White Train carrying warheads across the country Douglass can discern the sights of a second coming a nonviolent coming of God The possibility for a different future depends on a different kind of humanity renewed and transformed by the nonviolent cross of Christ **Planning for Engineers and Surveyors** F. Washington, 2022-11-08 What does a workplace utopia look like to you This is the question Dr Ella F Washington asks company leaders and often she hears about an ideal vision of an organization that values diversity and inclusion and wants employees to bring their whole selves to work But how can you get there Organizations have largely missed the mark when it comes to creating environments where all employees thrive in an equal

and equitable way because they treat diversity equity and inclusion DEI as a program that gets done rather than the necessary and difficult journey it is A truly inclusive workplace requires invention and reinvention mistakes and humility adaptation to a changing world constant reflection and sometimes significant sacrifice The road to an inclusive workplace is a difficult one but you can traverse it and there s help along the way Start here with stories of companies making the necessary journey including Slack PwC Best Buy Denny s and many others Hear from company leaders about their successes and failures the times they were on the vanguard and the moments they realized they had much more work to do These are profiles in perseverance from people who are keen enough to recognize the need for inclusive workplaces and humble enough to know they re not there yet Along the way Washington provides a framework for thinking about where these companies are on their journeys and where you and your company may be too Progress is hard won on the necessary journey to becoming an inclusive organization but it must be won John Lewis said it best You see something you want to get done you cannot give up and you cannot give in
