Corporate Governance in Central Europe and Russia Maria Aluchna, Samuel O. Idowu, Irina Tkachenko, 2020-03-04 This book examines corporate governance through a holistic lens that integrates financial social and environmental goals e g increasing transparency and disclosure In addition it investigates the theoretical assumptions guiding the current corporate governance practices adopted by companies in Central Europe and Russia The book presents a dynamic study on the evolution of corporate governance

systems which were practically non-existent just 30 years ago. In turn, it addresses criticism leveled at corporate governance, its impact on the outbreak of the financial crisis, and recommendations for changes after the crisis. The book employs a regional focus, exploring a group of countries that have often been neglected in corporate governance research. Carefully selected data and a variety of case studies prepared by leading authors from the region provide evidence to support the analysis.

The Law of Privilege Bankim Thanki, Tamara Oppenheimer, Chloe Carpenter, James Cutress, Patrick Goodall, Henry King, Rebecca Loveridge, Rosalind Phelps, Leonora Sagan, Adam Sher, Nik Yeo, 2025-07-30 The law of privilege is recognized as a fundamental right essential to the function of the rule of law. This book provides a comprehensive reference to legal professional privilege in both contentious and non-contentious contexts, addressing legal advice and litigation privilege as well as privilege against self-incrimination and without prejudice privilege. Providing detailed coverage of the nature of privilege, how it arises, how it is lost, and its limits, the book begins with an outline of the law and policy underlying privilege, before providing guidance on issues that arise regularly in practice. These issues include exceptions, with a detailed analysis of the iniquity exception, multi-jurisdictional issues, procedural matters, and challenges like pre-existing and partly privileged documents. It also covers the loss of legal professional privilege, including loss of confidence and implied and express waiver, the linked area of being without prejudice privilege, its scope, exceptions, rules governing waiver, and the position in respect of mediation, as well as joint and common interest privilege. Systematically updated to cover all significant developments in privilege law, this fourth edition considers the wealth of recent case law that has been published and includes new sections addressing the issues of privilege that arise in criminal proceedings and Britain's withdrawal from the European Union. Written by experts from Fountain Court Chambers, *The Law of Privilege* is unrivalled for its logical structure and clarity, with extensive cross-referencing and useful summaries ensuring ease of understanding and quick access to information. It is an essential reference tool for practitioners in all fields of practice and students of Civil and Criminal Procedure, providing a concise route through the complexities of privilege law.

Rethinking Post-Cold War Russian-Latin American Relations Vladimir Rouvinski, Victor Jeifets, 2022-06-07 Today there is plenty of evidence that Russia has become a prominent external actor in Latin America and the Caribbean. Yet few books have attempted to better understand the reasons behind Russia's return and Moscow's continuous engagement in the region. In order to fill the gap, this volume offers the first interdisciplinary study of Russian-Latin American relations after the end of the Cold War. Across 16 chapters, leading experts from Russia, Europe, the United States, and Latin America collectively re-examine the Soviet legacy to reveal the conditions in which Russia operates today and identify the key trends of contemporary Russian relations with this part of the world. The book then moves on to provide a detailed case study analysis

of Russia's bilateral relations with Venezuela Cuba Mexico Brazil Argentina and Colombia identifying the most critical dimensions of Russian engagement Rethinking Post Cold War Russian Latin American Relations allows readers to identify the fundamental driving forces of Russia's renewed commitment to the area its strategies and experiences The book will be of interest to readers of international relations and area studies historians of modern Latin America migration studies political economy and any political scientists interested in Russian decision making The Routledge Companion to Accounting and Risk Margaret Woods, Philip Linsley, 2017-03-27 To date there has been little consideration of the many different ways in which accounting and risk intersect despite organisations being more determined than ever to build resilience against potential risks This comprehensive volume overcomes this gap by providing an overview of the field drawing together current knowledge of risk in a wide range of different accounting contexts Key themes such as corporate governance trust uncertainty and climate change are covered by a global array of contributing scholars These contributions are divided into four areas The broader aspects of risk and risk management Risk in financial reporting Risk in management accounting Risk monitoring The book is supported by a series of illustrative case studies which help to bring together theory and practice With its wealth of examples and analyses this volume provides essential reading for students scholars and practitioners charged with understanding diverse facets of risk in the context of accounting in the business world **Peter Akinola: Who Blinks First?** Gbenga Gbesan, 2020-03-30 To the astonishment and dismay of Anglican leadership in the Global North Nigeria's Archbishop Peter Akinola led the Global South's revolt against the campaign to normalize homosexuality within the global Anglican communion For this he was twice recognized by Time magazine as one of the 100 Most Influential People on earth As shepherd of an immense Nigerian flock he joined arms with like minded archbishops in Africa Asia and South America to insist that the church be guided by the Bible rather than culture Here is the remarkable story of this conflict from its social beginnings in nineteenth century Germany through the renegade behavior of national churches in Canada the United States and the United Kingdom on to gatherings addressing the issues from Dromantine Northern Ireland to Kuala Lumpur Malaysia At one point Archbishop of Canterbury Rowan Williams who had been enabling the progressives challenged Archbishop Akinola We shall see who blinks first Since that day it is clear that neither Akinola nor his colleagues have blinked Indeed through the formation of GAFCON Global Anglican Future Conference and union with biblically faithful Anglicans in the Global North they are pressing their cause with an eye toward the next decennial assembly of bishops at Lambeth A Practical Approach to Planning Law Barrister Cornerstone Barristers Ashley Bowes, 2019-09-18 A detailed and concisely written guide to the complex subject of planning law the fourteenth edition of this trusted resource provides a reliable overview of the planning system for both practitioners and students Related Party Transactions and Corporate Groups Ivan Romashchenko, 2020-03-06 In a market environment where economic actors conduct themselves as diligent and conscientious managers the regulation of related party transactions RPTs would be largely irrelevant Unfortunately the

corporate reality is far from an ideal world that is innocent of market abuse and corporate fraud. It remains necessary to protect minority shareholders from the wrongdoings of majority shareholders and to protect all shareholders from opportunistic managerial behaviour. This timely book is the first on the subject since implementation of the European Union's EU's revised Shareholders Rights Directive provides in depth analysis of how and to what extent RPTs are covered by existing legal requirements on capital protection and corporate group regulation highlighting experiences and strategies adopted in Germany, Poland and the Netherlands as examples for Eastern European countries and in particular Ukraine. Beyond his comparative analysis of the current status the author offers recommendations for more effective handling of RPTs investigating such aspects as the following: what constitutes a corporate group and how group issues are regulated in the various legal systems; what constitutes a conflict of interest originating in ownership and control and what types of such conflicts occur; whether RPTs within corporate groups should receive special treatment relative to transactions outside groups; combatting corporate raiding most often carried out through illegal seizure of corporate assets; approval and disclosure requirements for RPTs and how information about RPTs is disclosed publicly. Drawing on resources including legislation, case law, scholarship and intensive discussions with practicing lawyers from several jurisdictions the author underscores the imperative of establishing limitations and requirements that oblige a company's officers, shareholders and other potential related parties to follow certain rules whenever they wish to enter into an RPT. As a contribution to the debate about the convergence between EU corporate law and that of major eastern European states the book has no peers. Practitioners in both East and West who advise on compliance with regulations for RPTs or represent stakeholders' interests against abusive RPTs will ensure appropriate remedies and protection mechanisms for their clients.

Fraud and Risk in Commercial Law Paul S Davies, Hans Tjio, 2024-08-08. This book focuses on contemporary problems related to fraud and risk in commercial law. It has been said by some that we are in a golden age of fraud. In part this has been caused by globalisation, technological changes and the financialisation of business. This has resulted in the creation of automated linkages with integrated supply chains and the creation of systemic risks which have been exacerbated by new forms of intangible assets like tokens and their ease of movement. While regulation has ebbed and flowed given the desire of governments to generate economic growth as well as the distrust of their coercive powers the courts have sought to strike a balance between considerations such as commercial certainty and fairness. The book provides an analysis of key contemporary issues on the theme of fraud and risk in commercial law including technology and fraud, secondary liability and failure to prevent economic crime, abuse of business entities, insolvency and creditor protection, injunctions and other orders, cross border issues, the relationship between regulation and private law and solutions for policy makers.

Insolvency Litigation Andrew Keay, Joseph Curl, Stewart Perry, Louis Doyle, 2025-06-09. This book combines practice insights with a clear exposition of the relevant law as it affects litigation relating to insolvency proceedings. Written by leading insolvency lawyers it addresses key

concerns affecting the prosecution and defence of insolvency proceedings by drawing on a wide range of cases providing detailed guidance on challenging issues
