10. What is the main challenge for taking environmental issues into account?

11. What are the main challenges for environmental issues? (How do they differ from environmental issues?)

12. The main challenge is that the environmental issue is not a market good. It is a public good. It is non-rival and non-excludable. It is a public good because it is a good that is shared by all and it is non-excludable because it is a good that cannot be excluded from anyone. It is a public good because it is a good that is shared by all and it is non-excludable because it is a good that cannot be excluded from anyone.
