Commodity markets present several challenges for quantitative modeling These include high volatilities small sample data sets and physical operational complexity In addition the set of traded products in commodity markets is more limited than in financial or equity markets making value extraction through trading more difficult These facts make it very easy for modeling efforts to run into serious problems as many models are very sensitive to noise and hence can easily fail in practice Modeling and Valuation of Energy Structures is a comprehensive guide to quantitative and statistical approaches that have been successfully employed in support of trading operations reflecting the author's 17 years of experience as a front office quant The major theme of the book is that simpler is usually better a message that is drawn out through the reality of incomplete

markets small samples and informational constraints The necessary mathematical tools for understanding these issues are thoroughly developed with many techniques analytical econometric and numerical collected in a single volume for the first time A particular emphasis is placed on the central role that the underlying market resolution plays in valuation Examples are provided to illustrate that robust approximate valuations are to be preferred to overly ambitious attempts at detailed qualitative modeling The Athenaeum ,1905 *Computer Information Systems and Industrial Management* Khalid Saeed,Rituparna Chaki,Agostino Cortesi,Sławomir Wierchoń,2013-09-20 This book constitutes the proceedings of the 12th IFIP TC 8 International Conference CISIM 2013 held in Cracow Poland in September 2013 The 44 papers presented in this volume were carefully reviewed and selected from over 60 submissions They are organized in topical sections on biometric and biomedical applications pattern recognition and image processing various aspects of computer security networking algorithms and industrial applications The book also contains full papers of a keynote speech and the invited talk **The Cambridge Review** ,1880 Vols 1 26 include a supplement The University pulpit vols 1 26 no 1 661 which has separate pagination but is indexed in the main vol **Scientific and Technical Aerospace Reports** ,1991 *The British Lyceum* ,1875 The Spectator ,1906 **The Scottish Educational Journal** ,1919 **Computerworld** ,2005-01-10 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld s award winning Web site Computerworld com twice monthly publication focused conference series and custom research form the hub of the world s largest global IT media network **Mathematical Reviews** ,1998
