Answer **all** the questions in the space provided. If additional space is required, you should use the lined page at the end of this booklet. The question number(s) must be clearly shown.

Give non-exact numerical answers correct to 3 significant figures, or 1 decimal place in the case of angles in degrees, unless a different level of accuracy is specified in the question.

The use of an electrochromic modulation is expected, without compromise,

These data were reanalyzed and the results are shown in Figure 1. The results show that the concentration of the solution has a significant effect on the rate of polymerization.

At the end of the examinations, teachers will receive results electronically by email.

The number of marks is given in brackets, [ ] at the end of each question or part question.
