Independent Scholars Meet the World Christine Caccipuoti, Elizabeth Keohane-Burbridge, 2020-10-16 For too long graduate school was viewed solely as a pipeline to teaching positions at colleges and universities As MAs and PhDs proliferate and opportunities in the academy narrow this timely book reminds us that the academy is only one of many venues for satisfying and successful scholarly endeavor The contributors to *Independent Scholars Meet the World* represent a spectrum of graduate school experiences from leaving midprogram to completing an MA or PhD They include those who sought nontraditional paths and others who started in the familiar professorial direction only to change course Ultimately they are independent scholars contributing to their fields but working outside the academy Their stories illustrate the variety of options that exist beyond the university setting from museum education and high school teaching to newer professions like podcasting and creating historical coloring books These scholars impart advice about encountering difficulties overcoming challenges and learning to adapt to changing circumstances All have something to share that the graduating scholar and those who guide them ought to hear about cultivating networks viewing departure from familiar terrain as an option not a failure and understanding the real value that an independent scholar brings to any number of situations Perhaps the most important lesson this book offers is for those steeped in the belief that the only right way to be a scholar is as a tenured professor and how therefore to embrace the label independent scholar The contributors to *Independent Scholars Meet the World* offer the advice and encouragement they wish they'd received when heading into uncharted postgraduate territory They demonstrate that success awaits the determined and resourceful scholar pursuing a different path towards expanded ac

*Mississippi's Black Cotton* John Obee, MacArthur Cotton, 2025-05 The literature of the civil rights movement is replete with stories about the major actors in the movement including for example Martin Luther King but there is little focus on the MacArthur Cottons of the era the young Black men and women who at great risk to their physical and mental health chose to become involved in the movement when so many others chose not to Without these young Black people there would have been no movement and what was accomplished with the Civil Rights Acts of the 1960s would never have happened This was particularly true in Mississippi the most repressive of all fifty states and one that had sponsored state terrorism to ensure that white supremacy

reigned supreme Despite having no real reason to believe that change could happen MacArthur Cotton and those like him believed that they had to act In MacArthur s case his actions were in the tradition of his activist family and he relates his involvement with many of the important figures in the Mississippi movement such as Medgar Evers and Fannie Lou Hamer Importantly he also honors others like him who are largely unknown to history such as the Greenes and McGees in Greenwood who were waging their own war against their oppressive state While having been imprisoned many times and having lived in a constant state of terror Cotton persisted as a foot soldier in a war and as with all veterans of wars was left with emotional and psychological scars Despite the toll that it took on him as a person however he remains a committed activist to this day
