continue to present a challenge for many schools and teachers The Education of d/Deaf and Hard of Hearing Children Peter V. Paul, 2020-02-12 A significant number of d Deaf and hard of hearing d Dhh children and adolescents experience challenges in acquiring a functional level of English language and literacy skills in the United States and elsewhere To provide an understanding of this issue this book explores the theoretical underpinnings and synthesizes major research findings It also covers critical controversial areas such as the use of assistive hearing devices language and literacy assessments and inclusion Although the targeted population is children and adolescents who are d Dhh contributors found it necessary to apply our understanding of the development of English in other populations of struggling readers and writers such as children with language or literacy disabilities and those for whom English is not the home language Collectively this information should assist scholars in conducting further research and enable educators to develop general instructional guidelines and strategies to improve the language and literacy levels of d Dhh students It is clear that there is not a one size fits all concept but rather research and instruction should be differentiated to meet the needs of d Dhh students It is our hope that this book stimulates further theorizing and research and most importantly offers evidence and reason based practices for improving language and literacy abilities of d Dhh students *Official Florida Statutes* Florida, 2012 Monthly Catalog of United States Government Publications ,1989 **Monthly Catalogue, United States Public Documents** ,1993

Rethinking Value-Added Models in Education Audrey Amrein-Beardsley, 2014-04-24 Since passage of the of No Child Left Behind Act in 2001 academic researchers econometricians and statisticians have been exploring various analytical methods of documenting students academic progress over time Known as value added models VAMs these methods are meant to measure the value a teacher or school adds to student learning from one year to the next To date however there is very little evidence to support the trustworthiness of these models What is becoming increasingly evident yet often ignored mainly by policymakers is that VAMs are 1 unreliable 2 invalid 3 nontransparent 4 unfair 5 fraught with measurement errors and 6 being inappropriately used to make consequential decisions regarding such things as teacher pay retention and termination Unfortunately their unintended consequences are not fully recognized at this point either Given such the timeliness of this well researched and thoughtful book cannot be overstated This book sheds important light on the debate surrounding VAMs and thereby offers states and practitioners a highly important resource from which they can move forward in more research based ways **The School Services Sourcebook, Second Edition** Cynthia Franklin, Mary Beth Harris, Paula Allen-Meares, 2012-11-27 The School Services Sourcebook covers every aspect of school service delivery arming practitioners with the nuts and bolts of evidence based practice The second edition has been significantly revised with a new structure including 73 chapters divided into five Parts across thirteen Sections with an additional six chapters included in an online section found on the book s companion website Fifteen new chapters cover key topics such as implementing an RTI framework positive behavioral supports school climate functional behavioral assessment the integration of ethics Autism and

suicide school engagement military families Latino immigrant families classroom management transition planning and several chapters that speak to assessment and accountability Each chapter serves as a detailed intervention map quickly summarizing the problem area before presenting step by step instructions on how to implement an evidence based program with clear goals in mind and methods to measure the outcome The concise user friendly format from the first edition has been retained orienting readers to each issue with a Getting Started section then moves smoothly into What We Know What We Can Do Tools and Practice Examples and Key Points to Remember A new section Applying Interventions within Response to Intervention Framework has been added to each chapter to facilitate the implementation of an RTI model Quick reference tables and charts highlight the most important information needed for daily reference and annotated lists of further reading and Web resources guide readers in gathering additional information to tailor their practice to suit their students needs Each chapter has been specifically crafted by leaders in their fields with the ultimate goal of giving school based practitioners the tools they need to deliver the best mental health and social services possible to students families and communities This sourcebook is an invaluable reference for all school based social workers psychologists counselors mental health professionals educators and administrators Visit the companion website for more information and to access additional book content URL
