Three Cups of Tea, 2011-08 **Gymnastics, a Transatlantic Movement** Gertrud Pfister, 2013-10-18 This book explores analyses and explains divergent ideologies and practices of gymnastics in selected European nations It reconstructs the ex and import processes from Europe to America and determines the processes interrelationships and transformations of these transatlantic movements in their new home country The book offers a more complete understanding of the role of gymnastics and expressive movements in cultural and ideological transmission over time and identifies the impact of these concepts on American physical education sports systems and sports cultures The main focus of the book lies in the two decades before and after World War I This concentration on a specific historical epoch allows us to identify parallel but also different developments of the various forms of gymnastics and of the transfer and implementation processes The volume covers the transfer and impact of German Turnen Czech Sokol and the Delsarte system in North America In addition it traces the influences of French gymnastics in South America and describes the tours of the world renowned Danish gymnastic reformer Nils Bukh in both Americas A focus will be the import of gymnastics but also on the adaption processes of these different concepts and their integration into the American culture This book was previously published as a special issue of the International Journal of the History of Sport **Discourse on the Move** Douglas Biber, 2007 Discourse on the Move is the first book length exploration of how corpus based methods can be used for discourse analysis applied to the description of discourse organization The primary goal is to bring these two analytical perspectives together undertaking a detailed discourse analysis of each individual text but doing so in terms that can be generalized across all texts of a corpus The book explores two major approaches to this task top down and bottom up In the top down approach the functional components of a genre are determined first and then all texts in a corpus are analyzed in terms of those components In contrast textual components emerge from the corpus analysis in the bottom up approach and the discourse organization of individual texts is then analyzed in terms of linguistically defined textual categories Both approaches are illustrated through case studies of discourse structure in particular genres fund raising letters biology biochemistry research articles and university classroom teaching Lycoming College, 1812-2012 John F. Piper, 2011-12-16 Lycoming College 1812 2012 On the Frontiers of American Education is the story of Lycoming College a liberal arts and sciences college in Williamsport Pennsylvania The College is one of the fifty oldest institutions of higher education in the nation and the oldest that retains a relationship to the United Methodist Church The College shares many characteristics with peer institutions which have retained the liberal arts and sciences as the basis of their academic programs It also has the distinction of having evolved through four different stages of American education and has reached a fifth It began as the Williamsport Academy in 1812 a school that offered a higher level of education than common schools Academies became the ancestors of public high schools In 1848 a group of Methodists bought the Academy and transformed it into Dickinson Seminary soon renamed Williamsport Dickinson Seminary

It was a preparatory school not a school of theology despite its name In 1929 the leaders of the Seminary added a Junior College to their school Junior colleges were a new frontier of American education in the early 20th Century and Dickinson Junior College became the first fully accredited private junior college in Pennsylvania After World War II the Junior College became a four year institution and chose the name Lycoming In 2000 the Carnegie Foundation for the Advancement of Teaching included Lycoming in its list of 213 national liberal arts colleges This latest frontier has become a challenge to the College to sustain its program in an ever changing American educational landscape **Lissa and the Fund-Raising Funk** Jen Jones,2012-07 Lissa Marks is the fund raising chair for her middle school cheer team but will her widowed mother be able to afford to keep Lissa on the team The Audacity of Hoop Alexander Wolff,2016 While basketball didn't take up residence in the White House in January 2009 the game nonetheless played an outsized role in forming the man who did In The Audacity of Hoop celebrated sportswriter Alexander Wolff examines Barack Obama the person and president by the light of basketball This game helped Obama explore his identity keep a cool head impress his future wife and define himself as a candidate Wolff chronicles Obama's love of the game from age 10 on the campaign trail where it eventually took on talismanic meaning and throughout his two terms in office More than 125 photographs illustrate Obama dribbling shooting free throws playing pickup games cooling off with George Clooney challenging his special assistant Reggie Love for a rebound and taking basketball to political meetings There is also an assessment of Obama's influence on the NBA including a dawning political consciousness in the league's locker rooms Sidebars reveal the evolution of the president's playing style Barackology a not entirely scientific art of filling out the commander in chief's NCAA tournament bracket and a timeline charts Obama's personal and professional highlights Equal parts biographical sketch political narrative and cultural history The Audacity of Hoop shows how the game became a touchstone in Obama's exercise of the power of the presidency

Discourse in the Professions Ulla Connor,Thomas A. Upton,2004-11-30 This book explores the structure and use of academic and professional discourse through the lens of corpus linguistics The goal of this book is to show how insights from corpus linguistic analyses can help us better understand how we use academic and professional language and help us find ways to better train newcomers to the genres used in various professional contexts The contributions to this book show that specialized corpora of specific genres from a variety of fields allow us to make more relevant observations about the function and use of language for particular purposes The specialized corpora examined include written and spoken academic genres written and spoken business and legal genres and written philanthropic genres The book showcases a variety of approaches to analyzing the discourse of specialized corpora and each chapter concludes with a reflection on the practical and pedagogical implications of the analysis Gym Shoes and Irises Danny Siegel,1982 Grassroots Fundraising Journal ,1986 **Disciplining Bodies in the Gymnasium** Sherry Mckay,Patricia Vertinsky,2004-05-06 The prize winning War Memorial Gymnasium at the University of British Columbia is discussed here examining what the building's design

construction and shifting functions reveal about the university's values during the post war years
