contains chapters on such diverse topics as research on college students and faculty organization and administration curriculum and instruction policy diversity issues economics and finance history and philosophy community colleges advances in research methodology and more The series is fortunate to have attracted annual contributions from distinguished scholars throughout the world **A Guide to Impactful Teacher Evaluations** Joseph O.

Rodgers,2021-03-10 What if everything we thought we knew about effective teacher evaluations was wrong A Guide to Impactful Teacher Evaluations walks educators through an important shift in thinking about how to evaluate teachers from systems focused on individuals and results to solutions focused on collectives and processes Disregarding older ineffective models that rely on faulty assumptions this book embraces new approaches for measuring teacher competency that achieve valid assessment of effective teaching teacher professional growth and student learning Chapters explore teacher evaluation systems based on professional learning community principles confront the current system of teacher evaluation that has led to frustration criticism and disrespect provide strategies for delivering new skills and supporting teachers growth and include Tips and Talking Points for schools and districts Outlining best practice and sharing actionable tools grounded in collaboration and teamwork this book helps K 12 school leaders explore teacher evaluation that has a real and lasting impact on the profession and student learning Handbook of Individual Differences in Reading Peter Afflerbach,2015-08-11 The central unifying theme of this state of the art contribution to research on literacy is its rethinking and reconceptualization of individual differences in reading Previous research focused on cognitive components of reading signaled the need for ongoing work to identify relevant individual differences in reading to determine the relationships of individual differences to reading development and to account for interactions among individual differences Addressing developments in each of these areas this volume also describes affective individual differences and the environments in which individual differences in reading may emerge operate interact and change The scant comprehensive accounting of individual differences in reading is reflected in the nature of reading instruction programs today the outcomes that are expected from successful teaching and learning and the manner in which reading development is assessed An important contribution of this volume is to provide prima facie evidence of the benefits of broad conceptualization of the ways in which readers differ The Handbook of Individual Differences in Reading moves the field forward by encompassing cognitive non cognitive contextual and methodological concerns Its breadth of coverage serves as both a useful summary of the current state of knowledge and a guide for future work in this area *The State of the System* Paul W. Bennett,2020-09-23 Over the last fifty years Canada's public schools have been absorbed into a modern education system that functions much like Max Weber's infamous iron cage Crying out for democratic school level reform the system is now a centralized bureaucratic fortress that every year becomes softer on standards for students less accessible to parents further out of touch with communities and surprisingly unresponsive to classroom teachers Exploring the nature of the Canadian education order in all its dimensions The State of

the System explains how public schools came to be so bureaucratic confronts the critical issues facing kindergarten to grade 12 public schools in all ten provinces and addresses the need for systemic reform Going beyond a diagnosis of the stresses strains and ills present in the system Paul Bennett proposes a bold plan to re engineer schools on a more human scale as the first step in truly reforming public education In place of school consolidation and managerialism one size fits all uniformity limited school choice and the success for all curriculum Bennett advocates for a new set of priorities decentralize school governance deprogram education ministries and school districts listen to parents and teachers and revitalize local education democracy Tackling the thorny issues besetting contemporary school systems in Canada The State of the System issues a clarion call for more responsive engaged and accountable public schools

### **Student-Centered Virtual Learning**
